\*The Fund terminated on 3 May 2023.

There are no recognised gains or losses arising in the financial year other than the increase in Net Assets Attributable to Holders of Redeemable Shares of the Company. In arriving at the results of the financial year, all amounts above relate to continuing operations with the exception of the Invesco STOXX Europe Mid 200 UCITS ETF Fund and Invesco STOXX Europe Small 200 UCITS ETF Fund.

The accompanying notes form an integral part of the financial statements.

## Statement of Comprehensive Income (continued)

### For the financial year ended 30 November 2024

\*The Fund terminated on 3 May 2023.

There are no recognised gains or losses arising in the financial year other than the increase/(decrease) in Net Assets Attributable to Holders of Redeemable Shares of the Company. In arriving at the results of the financial year, all amounts above relate to continuing operations with the exception of the Invesco STOXX Europe Mid 200 UCITS ETF Fund and Invesco STOXX Europe Small 200 UCITS ETF Fund.

The accompanying notes form an integral part of the financial statements.

## Statement of Comprehensive Income (continued)

### For the financial year ended 30 November 2023

\*The Fund terminated on 3 May 2023.

There are no recognised gains or losses arising in the financial year other than the (decrease)/increase in Net Assets Attributable to Holders of Redeemable Shares of the Company. In arriving at the results of the financial year, all amounts above relate to continuing operations with the exception of the Invesco Goldman Sachs Equity Factor Index Emerging Markets UCITS ETF Fund.

The accompanying notes form an integral part of the financial statements.

**Statement of Comprehensive Income (continued)**  
**For the financial year ended 30 November 2023**

\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2024

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2024

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2024

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2024

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

**Statement of Cash Flows (continued)**

\*The Fund terminated on 20 November 2024.

\*\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2024

\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2024

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2024

\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

\*The Fund terminated on 3 May 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

## Statement of Cash Flows (continued)

### For the financial year ended 30 November 2023

\*The Fund launched on 26 July 2023.

The Company's financing activities consist of the issue and redemption of the redeemable shares, requirement of paragraph 44A of IAS 7 Statement of Cash Flows is met by the reconciliation of opening and closing balance of the redeemable shares provided in the Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares.

Differences between the amounts of subscriptions/redemptions on the Statement of Cash Flows and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Shares is due to Subscriptions/Redemptions of shares awaiting settlement disclosed in Notes 9 and 10.

The accompanying notes form an integral part of the financial statements.

# Notes to the Financial Statements

## 1. Material Accounting Policies

### A) General Information

#### Basis of preparation

These Financial Statements have been prepared in accordance with International Financial Reporting Standards as adopted by European Union ("IFRS") and the International Financial Reporting Interpretations Committee ("IFRIC") interpretations endorsed by the European Union ("EU") and with those parts of the Companies Act 2014 (as amended) applicable to companies reporting under IFRS and the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations") and the Central Bank (Supervision and Enforcement) Act 2013 (Section 48(1)) (Undertakings for Collective Investment in Transferable Securities) Regulations 2019 (the "Central Bank UCITS Regulations"). The Financial Statements have been prepared under the historical cost convention as modified by the fair value measurement of financial assets and liabilities held at fair value through profit or loss. The material accounting policies are set out below.

The preparation of Financial Statements in conformity with IFRS requires the use of certain critical estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the Financial Statements and the reported amounts of revenues and expenses during the reporting financial year. Although these estimates are based on management's best knowledge of the amount, event or actions, actual results ultimately may differ from those estimates.

The financial statements of the Company have been prepared on a going concern basis.

In preparing these financial statements, the Directors made judgements and estimates that affect the application of the Company's accounting policies and the reported amounts of assets and liabilities, income and expense. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised prospectively.

Information about judgements made by management in the application of IFRS that have the most significant effect on the Financial Statements and estimates with a significant risk of material adjustment in the next period are disclosed in Note 1(C) and 1(D).

With the exception of the below, the same accounting policies and methods of computation are followed in these annual report and audited financial statements as compared with the year ended 30 November 2023 audited set of financial statements prepared under IFRS and IFRIC interpretations endorsed by the EU.

#### International Financial Reporting Standards

These financial statements have been prepared to existing standards and amendments to existing standards effective 1 December 2023.

Standards available for early adoption and which were not early adopted: Conceptual framework, IFRS 3 definition of a business, Definition of material, IFRS 9 IBOR reform and COVID-19-related rent concessions.

#### (i) New accounting pronouncements effective from 1 December 2023

The following new and amended standards and interpretations did not have a significant impact on the financial statements of the Company.

- IFRS 17 Insurance Contracts.
- Disclosure of Accounting Policies (Amendments to IAS 1 and IFRS Practice Statement 2).
- Definition of Accounting Estimates (Amendments to IAS 8).
- Deferred Tax related to Assets and Liabilities arising from a Single Transaction (Amendments to IAS 12).
- International Tax Reform – Pillar Two Model Rules (Amendments to IAS 12).
- IFRS 18 Presentation and Disclosure in Financial Statements.

#### (ii) New accounting pronouncements not yet adopted

The following new and amended standards and interpretations are not yet adopted in preparing the financial statements of the Company.

- Non-current Liabilities with Covenants (Amendments to IAS 1).
- Classification of Liabilities in a Sale and Leaseback (Amendments to IFRS 16).
- Supplier Finance Arrangements (Amendments to IAS 7 and IFRS 7).
- Lack of Exchangeability (Amendments to IAS 21).
- Sale or Contribution of Assets between an Investor and its Associate or Joint Venture (Amendments to IFRS 10 and IAS 28).

There are no other standards, interpretations or amendments to existing standards that are not yet effective that would be expected to have a significant impact on the Company.

### B) Functional and presentation currency

The Board of Directors considers the Euro as the currency that most faithfully represents the economic effects of the underlying transactions, events and conditions.

The Financial Statements of the Company are presented in Euro, which is both the functional and presentation currency.

Each individual Fund's functional currency is disclosed on pages 10 to 11.

## Notes to the Financial Statements (continued)

### 1. Material Accounting Policies (continued)

#### B) Functional and presentation currency (continued)

##### Transactions and balances

Foreign exchange gains and losses on financial assets and financial liabilities at fair value through profit and loss are recognised together with other changes in the fair value. Net currency gains/(losses) are net foreign exchange gains and losses on monetary financial assets and liabilities other than those classified at fair value through profit or loss.

Assets and liabilities denominated in foreign currencies, other than the functional currency, have been translated at the rate of exchange ruling at 30 November 2024. Transactions in foreign currencies are translated into Euro at the exchange rate ruling at the date of the transaction. All gains/(losses) on foreign exchange are recognised in the Statements of Comprehensive Income in determining the result for the financial year.

Notional foreign currency gains/(losses) are included in the foreign exchange adjustment. The notional foreign exchange adjustment arises from the translation of opening net assets translated at financial year end 30 November 2023 rates, the Statement of Comprehensive Income, subscriptions and redemptions at average rates; with closing assets and liabilities translated at the rates of exchange ruling at 30 November 2024.

The following exchange rates were used to convert investments, assets and liabilities to the functional currency of the Company:

| <b>EUR</b>           | <b>30 November 2024</b> | <b>30 November 2023</b> |
|----------------------|-------------------------|-------------------------|
| Australian Dollar    | 1.621307                | 1.645577                |
| Canadian Dollar      | 1.478839                | 1.479368                |

*\*The Share class launched on 21 March 2024.*

### C) Financial assets and financial liabilities at fair value through profit or loss

#### (i) Classification

Purchases and sales of financial assets at fair value through profit or loss are recognised on trade date – the date on which the Company commits to purchase or sell the financial instrument. Financial assets at fair value through profit or loss are derecognised when the rights to receive cash flows from the financial assets at fair value through profit or loss have expired or the Company has transferred substantially all risks and rewards of ownership. Realised fair value gains and losses on disposals of financial instruments are calculated using the Average Cost method - the cost of financial asset/liability calculated using weighted average unit costs.

##### Financial Assets

IFRS 9 contains three principal classification categories for financial assets: measured at amortised cost, Fair Value Through Other Comprehensive Income ("FVTOCI") and Fair Value Through Profit or Loss ("FVTPL"). The classification of financial assets under IFRS 9 is generally based on the business model in which a financial asset is managed and its contractual cash flow characteristics. Under IFRS 9, derivatives embedded in contracts where the host is a financial asset in the scope of the standard are never separated. Instead, the hybrid financial instrument as a whole is assessed for classification.

A financial asset is measured at amortised cost if it meets both of the following conditions and is not designated as at FVTPL:

- The asset is held within a business model whose objective is to hold assets to collect contractual cashflows; and
- The contractual cash terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

A debt instrument is measured at FVTOCI only if it meets both of the following conditions and is not designated as at FVTPL:

- The asset is held within a business model whose objective is achieved by both collecting contractual cashflows and selling financial assets; and
- The contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

## Notes to the Financial Statements (continued)

### 1. Material Accounting Policies (continued)

#### C) Financial assets and financial liabilities at fair value through profit or loss (continued)

##### (i) Classification (continued)

*Financial Assets (continued)*

###### **(a) Financial Assets at Fair Value**

On initial recognition, the Company will irrevocably designate a financial asset that otherwise meets the requirements to be measured at amortised cost or at FVTOCI as at FVTPL if doing so eliminates or significantly reduces an accounting mismatch that would otherwise arise.

All Company's financial assets are classified as measured at FVTPL. This includes all equity securities, US Treasury Bills and derivative financial assets.

The Company invests in Transferable Securities at a fair value of EUR 59,352,028,669 at 30 November 2024 (30 November 2023: EUR 36,083,399,881) which are mandatorily classified as FVTPL.

###### **(b) Financial Assets at Amortised Cost**

Included in financial assets at amortised cost are receivables for securities sold which are held for collection, other receivables, cash and cash equivalents and cash collateral. Recognition is initially at fair value and subsequently measured at amortised cost using the effective interest rate, less provision for impairment. At each reporting date, the Company shall measure the loss allowance on cash collateral at an amount equal to the lifetime expected credit losses if the credit risk has increased significantly since initial recognition. If, at the reporting date, the credit risk has not increased significantly since initial recognition, the Company shall measure the loss allowance at an amount equal to 12-month expected credit losses, or shorter if the receivable is expected to settle in less than 12 months. All financial assets are short term and always lifetime losses are booked.

Significant increase in credit risk is defined by the Board of Directors as any contractual payment which is more than 30 days past due.

###### **(c) Financial Liabilities and forward foreign currency contracts**

Financial liabilities are classified as measured at amortised cost or FVTPL.

A financial liability is classified as FVTPL if it is classified held-for-trading, it is a derivative or it is designated as such on initial recognition. Financial liabilities at FVTPL are measured at fair value and net gains and losses, including any interest expense, are recognised in profit or loss. Redeemable Shares are redeemable at the Shareholders' option and are classified as financial liabilities at amortised cost and are measured at present value of the redemption amount.

Other financial liabilities are subsequently measured at amortised cost using the effective interest method. Interest expense and foreign exchange gains and losses are recognised in profit or loss. Any gain or loss on derecognition is also recognised in profit or loss.

Financial liabilities at FVTPL:

- Held for trading: derivative financial instruments.

Financial liabilities at amortised cost:

- This includes fees payable, securities purchased payable and redemptions payable.

Subsequent to initial recognition, all financial assets and financial liabilities at fair value through profit or loss are measured at fair value. Gains and losses arising from changes in the fair value of the 'financial assets or financial liabilities at fair value through profit or loss' category are presented in the Statement of Comprehensive Income within other net losses on financial assets and liabilities at fair value through profit or loss in the year in which they arise.

##### (ii) Valuation of investments

The estimation of fair value, after initial recognition, is determined as follows:

###### **Listed investments**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value of investments (Equities and US Treasury Bills) which are quoted, listed, traded or dealt with on a market or exchange are based on quoted prices which, for the purpose of the Financial Statements, is the last traded market price for financial assets and financial liabilities as at the Statement of Financial Position date. Forward foreign exchange contracts are valued at market settlement price.

Realised gains or losses on disposal of investments during the financial year and unrealised gains and losses on valuation of investments held at the financial year end are included in the Statements of comprehensive income, within net gains/(losses) on financial assets and financial liabilities at fair value through profit and loss.

## Notes to the Financial Statements (continued)

### 1. Material Accounting Policies (continued)

#### C) Financial assets and financial liabilities at fair value through profit or loss (continued)

##### (ii) Valuation of investments (continued)

###### Unlisted investments

In the case of investments (outperformance swaps and total return swaps) which are not quoted, listed or dealt with on a recognised market, the fair value of such investments shall be calculated in accordance with the valuation technique, comprising of observable data which tracks the performance of the relevant underlying Reference Index/strategy against the performance of the underlying equity basket (in the case of outperformance swaps) or a financing component (in the case of total return swaps) used in the Invesco Bloomberg Commodity UCITS ETF, the Invesco Bloomberg Commodity Ex-Agriculture UCITS ETF and the Invesco Bloomberg Commodity Carbon Tilted UCITS ETF (collectively the "Commodity Funds") respectively.

In the case of the valuation of the Reference Index/strategy leg of the swap, the observable inputs are the initial Reference Index/strategy value and the current Reference Index/strategy value. For the equity leg of the outperformance swap, the value is that of the underlying equity basket. The components of the financing leg of the total return swap are interest and fees.

The swaps in these Funds are contracts between the Fund and the counterparties. In the case of outperformance swaps, the Fund agrees to exchange with the counterparties the gains/(losses) arising on the equity basket in the Fund for the total return on the relevant Reference Index/strategy on a daily basis.

In the case of a total return swap, the Fund receives the performance on the underlying Reference Index from the counterparty and pays the performance on the underlying Reference Index, fees and interest to the counterparty.

Any change in the fair value of these outperformance or total return swaps is included in the Statements of comprehensive income, within net gains/(losses) on financial assets and financial liabilities at fair value through profit or loss.

Realised gains and losses are recognised when the contract is closed out and are included in the Statements of comprehensive income, within net gains/(losses) on financial assets and financial liabilities at fair value through profit or loss.

The net asset or liability under the outperformance or total return swap contracts are included as fair value through profit or loss in the Statements of financial position.

A forward currency contract involves an obligation to purchase or sell a specific currency at a future date, at a price set at the time the contract is made. Forward currency contracts are valued by reference to the forward price at which a new forward contract at the same size and maturity could be undertaken at the valuation date. The unrealised gain or loss on open forward currency contracts is calculated as the difference between the contract rate and the forward price, and is recognised in the Statement of Comprehensive Income.

##### (iii) Impairment

###### Financial assets subject to IFRS 9's impairment requirements:

The Company measures credit risk and Expected Credit Loss ("ECL"), using probability of default, exposure at default, and loss given default. The Company considers both historical analysis and forward-looking information in determining any ECL. At 30 November 2024 and 30 November 2023, all amounts due from brokers and receivables are held with counterparties with a credit rating of A2 or higher. Management consider the probability of default to be close to zero as these instruments have a low risk of default and the counterparties have a strong capacity to meet their contractual obligations in the near term. As a result, no loss allowance has been recognised based on lifetime ECL as any such impairment would be wholly insignificant to the Company.

Credit ratings are disclosed in Note 2(C).

###### Financial assets not subject to IFRS 9's impairment requirements:

The Company is exposed to credit risk on debt securities and derivative assets. These classes of financial assets are not subject to IFRS 9's impairment requirements as they are measured at FVTPL. The carrying value of these assets, under IFRS 9 represent the Company's maximum exposure to credit risk on financial instruments not subject to the IFRS 9 impairment requirements on the respective reporting dates. Hence, no separate maximum exposure to credit risk disclosure is provided for these instruments.

##### (iv) Offsetting Financial Instruments

Financial assets and financial liabilities are offset and the net amount reported in the Statements of financial position when there is a legally enforceable right to offset the recognised amounts and there is an intention to settle on a net basis, or realise the assets and settle the liability simultaneously.

#### D) Critical accounting estimates and assumptions

Management makes estimates and assumptions concerning the future. Actual results may differ from these estimates. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities are outlined above and/or below.

All of the Funds' financial assets and financial liabilities classified as financial assets and financial liabilities at fair value through profit or loss as at 30 November 2024 and 30 November 2023.

## Notes to the Financial Statements (continued)

### 1. Material Accounting Policies (continued)

#### E) Fees and expenses

In accordance with the Prospectus the Management fees are charged to the Statement of Comprehensive Income on an accruals basis. Other than the Management fees, all fees and expenses incurred by the Funds including those payable to the Investment Managers, the Sub-Investment Manager, the Depositary, the Administrator, the Auditor and the Directors are paid by the Manager.

#### F) Cash and cash equivalents

Cash balances represent residual cash subsequent to trading and is minimal on most Funds. As at 30 November 2024 and 30 November 2023, cash in all Funds was held on deposit with The Northern Trust Company, details of which are disclosed in Note 8.

Cash is held in the name of the Company and proportionally allocated between the Funds, please refer to Note 2(C). Funds have segregated securities accounts at sub custody level for each market however the unsegregated Company cash accounts are utilised to settle trades and hold any cash balances.

#### G) Redeemable shares

Redeemable Shares are redeemable at the Shareholders' option and are classified as financial liabilities at amortised cost and are measured at present value of the redemption amount, the carrying amount of redeemable shares approximates fair value. Any distributions on these shares are recognised in the Statements of comprehensive Income as finance costs.

#### H) Segment reporting

Operating Segments are reported in a manner consistent with the internal reporting used by the Chief Operating Decision Maker ("CODM"). The CODM, who is responsible for allocation of resources and assessing the performance of the operating segment has been identified as the Board of Directors. The Board of Directors make the strategic resource allocations on behalf of the Company. Each Fund is managed as one operating segment.

#### I) Valuation point

The valuation point used for the purposes of the Financial Statements is that of 30 November 2024, the last Business Day of the financial year. The valuation point for the comparative financial year used for the purposes of the Financial Statements is that of 30 November 2023 for the Statement of Comprehensive Income, Statement of Changes in Net Assets Attributable to Holders of Redeemable Shares, Statement of Cash Flows and related notes, the last Business Day of that financial year.

#### J) Distributions

The dividend arrangements relating to each Fund will be decided by the Directors at the time of the creation of the relevant Fund and details are set out where applicable in the relevant Supplement.

Under the Articles, the Directors are entitled to declare such dividends on any Class of Shares at such times as they think appropriate and as appear to be justified out of the profits of the relevant Fund, being (i) the accumulated revenue (consisting of all revenue accrued including interest and dividends) less expenses and/or (ii) realised and unrealised capital gains on the disposal/valuation of investments and other funds less realised and unrealised accumulated capital losses of the relevant Fund and/or the capital of the relevant Fund. Where the dividends will be paid out of the capital of the relevant Fund, this will be disclosed in the relevant Supplement. The Company total distributions figure should not be read in isolation, it is merely a consolidation of the Funds. Distributions should be viewed on a Fund level. Details of Distributions are disclosed in Note 7.

#### K) Dividend income

In the financial year ended 30 November 2024, no dividend income was received by the Funds (30 November 2023: EUR 24).

#### L) Finance costs

Finance costs comprises of distributions and interest expense. Please refer to Note 1(J) for further details on distributions. Interest expense is recognised on a time-proportionate basis using the effective interest method. It includes interest expense on debt securities at fair value through profit or loss. The interest expense paid during the financial year was in relation to the Commodity Funds.

#### M) Transaction costs

Transaction costs are costs incurred to acquire financial assets or liabilities at fair value through profit or loss. They include fees and commissions paid to agents, advisers, brokers or dealers. Transaction costs, when incurred, are included as part of the cost of such purchases.

Transaction costs on treasury bills, total return/outperformance swaps and forward currency contracts could not be separately identified. Transaction costs on these are included in the purchase and sales price of the investment and cannot be separately verified or disclosed. Transaction costs on equities investments are embedded in the cost of the investment and included in net gains/(losses) on financial assets at fair value through profit or loss within the Statement of Comprehensive Income of each Fund.

Swap expenses are paid to the swap counterparties under normal terms of business and are included in realised gain/(loss) on outperformance swaps or total return swaps in the Statements of Comprehensive Income. For further details, refer to Note 4 and Note 12.

Sector transaction fees are payable by the Authorised Participants to the Manager. Please refer to Note 13 for further information.

#### N) Interest Income

Interest income is recognised on a time-proportionate basis using the effective interest method. It includes interest income on debt securities at fair value through profit or loss. The interest income earned during the financial year was in relation to the Commodity Funds.

## Notes to the Financial Statements (continued)

### 1. Material Accounting Policies (continued)

#### O) Collateral

The Commodity Funds and the counterparties review the value of the daily mark to market values of the total return swaps and agree a daily collateral call based on the value of the daily mark to market values of the total return swaps. The collateral received by the Commodity Funds may be USD cash, securities or comprise both USD cash and securities. The collateral pledged by the Commodity Funds can only be US Treasury Bills.

The Commodity Funds may pledge or receive collateral other than cash i.e. securities being US Treasury Bills to or from the counterparty and Forward foreign exchange contracts. If the Funds have to pledge collateral to the counterparty they will deliver the Commodity Funds' underlying securities which comprise US Treasury Bills to the counterparty's depository. If the Fund receives collateral other than cash then the counterparty will deliver the securities to the Commodity Funds through physical deposit with the Commodity Funds' Depository.

It is not the policy of the Fund to reinvest or re-pledge collateral received. If the collateral is in the form of securities they are held in the custody of Northern Trust Fiduciary Services (Ireland) Limited and similarly if cash is received it is held by the Depository on behalf of the Fund.

In the context of the European Market Infrastructure Regulation (EMIR) – Variation Margin Rules which came into force on 1 March 2017, all Funds with the exception of the Commodity Funds have implemented a collateral model that allows pledging collateral to Swap Counterparties in the form of equities. Three Swap Counterparties are affected by this model: Citigroup Global Markets, J.P. Morgan Securities plc and Goldman Sachs International.

This collateral model is unilateral and involves Segregated Collateral Accounts which have been set up for each Fund.

Collateral posted to a counterparty by or on behalf of a Fund must be taken into account when calculating counterparty risk exposure. Collateral posted to a counterparty and collateral received by such counterparty may be taken into account on a net basis provided the Fund is able to legally enforce netting arrangements with the counterparty.

Equities pledged as collateral are marked with an asterisk in each respective Schedule of Investments.

Non-cash collateral pledged is not derecognised from the Statement of Financial Position unless the Company defaults on its obligations under the relevant agreement, and therefore continues to be recognised on the Statement of Financial Position within the appropriate asset classification.

#### P) Related and connected persons disclosure

Persons are considered to be related if one person has the ability to control the other party or exercise significant influence over the other person in making financial or operational decisions.

#### Transactions with connected persons

Any transaction carried out with a UCITS by a management company or depository to the UCITS, the delegates or sub-delegates of the management company or depository, and any associated or group of such a management company, depository, delegate or sub delegate ("connected persons") must be carried out as if conducted at arm's length. Transactions must be in the best interests of the Shareholders.

The Manager is satisfied that there are arrangements (evidenced by written procedures) in place, to ensure that the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations are applied to all transactions with connected persons, and are satisfied that transactions with connected persons entered into during the period complied with the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations. Transactions involving related persons are presented in Note 13.

#### Q) Net Gain/Loss from Financial Instruments at Fair Value through Profit or Loss

Net gain/loss from financial instruments at fair value through profit or loss includes all realised and unrealised fair value changes and foreign exchange differences.

Net realised gain from financial instruments at fair value through profit or loss is calculated using Average Cost method and recognised in Net (losses)/gains on financial assets at fair value through profit or loss in the Statement of Comprehensive Income.

### 2. Financial risks

As defined by IFRS 7 'Financial Instruments: Disclosures', risk arising on financial instruments can be separated into the following components: Market Risk, Credit Risk and Liquidity Risk.

Invesco Capital Management LLC is the Investment Manager to the Commodity Funds. Assenagon Asset Management S.A. is the Sub-Investment Manager to the Commodity Funds. Assenagon Asset Management S.A. is also the Investment Manager to all other Funds of the Company with the exception of the Commodity Funds.

Operationally, the day-to-day management of the Commodity Funds has been delegated to the Sub-Investment Manager. Moreover, the risk management for the Commodity Funds has been outsourced to the Sub-Investment Manager. Therefore, for purposes of Note 2 Financial risks, the term 'Investment Manager' is assimilated to Assenagon Asset Management S.A.

Each type of risk is discussed below and both qualitative and quantitative analyses are provided, where relevant, to give the reader an understanding of risk management methods used by the Investment Manager and reviewed by the Directors of the Company.

The main risks arising from the Funds' financial instruments and derivatives are market risk, liquidity risk and credit risk.

The Company's overall risk management policy focuses on the unpredictability of financial markets and seeks to minimise any discrepancy between the performance of the Funds and the performance of the respective references.

## Notes to the Financial Statements (continued)

### 2. Financial risks (continued)

The nature and extent of the financial instruments outstanding at the Statement of Financial Position date and the risk management policies employed by the Company are discussed below.

#### A) General

The risk monitoring process is the responsibility of the Company which has delegated this responsibility to the Manager and the Investment Manager.

The Company's investment objective is that each Fund will seek to provide Shareholders with a target performance linked to the performance of a Reference Index or reference asset by purchasing a portfolio of transferable securities that may (but is not obliged to) comprise all or a representative sample of the constituent securities of that Reference Index or reference asset. Each Fund shall also use exchange-traded financial derivative instruments and transactions and/or Over-the-Counter ("OTC") derivatives to achieve the target performance.

The Investment Manager is responsible for the operation of the risk management process, including the measurement of risk of each Fund's portfolio at any given time.

Each Fund is managed by a portfolio manager. Each portfolio manager has authority to undertake derivative transactions on behalf of the Fund he/she manages, subject to the restrictions applicable to each Fund.

The portfolio manager is supported by a trade order management system ("TOMS"), which is designed to manage the implementation of the portfolio manager's strategy and assist in the process of managing the Funds.

These systems generate exception reports highlighting any inconsistency between the Funds' investment objectives and restrictions, and the Funds' portfolios.

The risk management team is a unit of the Investment Manager and is independent of the portfolio managers. It is responsible for the day to day risk monitoring process in respect of the Investment Manager's duties. Global exposure, position and counterparty exposure are monitored by the risk management team. The risk management process is supported by the Investment Manager's internal systems which are designed to assess the Fund's risk and exposures on a daily basis.

The Investment Manager will report in writing confirming compliance with the guidelines laid down in the Risk Management Policy document and the Prospectus, at least monthly to the named Designated Person, and will report to the Board of Directors at least quarterly.

#### B) Market risk

Market risk is the risk that the fair value of a financial instrument will fluctuate because of changes in market prices. Market risk comprises the following type of risk:

- interest rate risk;
- currency risk; and
- other price risk.

As the Funds' strategy is to passively track the respective Reference Indices or Reference Strategies, the Investment Manager aims to verify and ensure that the individual market risks to which the Funds are exposed are in line with the risks of the relevant Reference Index or Reference Strategy.

The Commitment Approach is used for all Funds.

#### Commitment Approach

Under the Commitment Approach technique, the positions on derivative financial instruments must be converted into equivalent positions on the underlying assets. The method used to convert the derivative financial instruments into equivalent positions on the underlying assets must be adapted to the type of instrument involved.

The Funds' total commitment to derivative instruments, limited to 100% of the Funds' total net asset value, is then quantified as a sum, as an absolute value, of the individual commitments, after consideration of possible effects of netting and coverage. When calculating the measure of global exposure in accordance with the Commitment Approach, the global exposure will be the incremental market exposure the Fund assumes as a result of entering into transactions.

The Funds' total exposure to the Reference Strategies/Indices is limited to 100% of Net Asset Value.

#### (i) Interest rate risk

As at 30 November 2024 and 30 November 2023, the interest rate risk arises at Fund level.

Interest rate risk arises from the effects of fluctuations in the prevailing levels of market interest rates on the fair value of financial assets and liabilities and the future cash flows.

The Funds' financial assets other than cash, currency contracts and Treasury Bills are non-interest bearing, and consequently the Company and Funds' exposure to interest rate risk is minimal. The actual duration of the Treasury Bill portfolios as at 30 November 2024 of the Invesco Bloomberg Commodity UCITS ETF, the Invesco Bloomberg Commodity Ex-Agriculture UCITS ETF and the Invesco Bloomberg Commodity Carbon Tilted UCITS ETF was 92 days, 88 days and 96 days respectively (30 November 2023: 95 days, 90 days and 88 days respectively), so interest rate risk is low. The Invesco Commodity Composite UCITS ETF terminated on 20 November 2024 and as such had no investments at the financial year end hence no actual duration is applicable for the current financial year (2023: 93 days).

## Notes to the Financial Statements (continued)

### 2. Financial risks (continued)

#### B) Market risk (continued)

##### (i) Interest rate risk (continued)

In order to achieve the investment objective, the Commodity Funds invest all or substantially all of the net cash proceeds of any issue of shares in a diversified portfolio of US Treasury Bills with a target duration of 91 days. The Commodity Funds pay an interest rate-linked rate (13-week high auction rate) as the short leg of the swap and earn interest through their T-bill portfolio. Due to the offsetting interest rate positions, the Funds are not exposed to significant interest rate risk.

Cash balances are maintained at a minimum in all Funds, and therefore the exposure to interest rate risk is not significant.

There were no large cash balances held at the financial year end, with the exception of Invesco JPX-Nikkei 400 UCITS ETF and the Commodity Funds (30 November 2023: Invesco MSCI World UCITS ETF, Invesco STOXX Europe 600 Optimised Oil & Gas UCITS ETF, Invesco Consumer Discretionary S&P US Select Sector UCITS ETF, Invesco S&P 500 UCITS ETF, Invesco JPX-Nikkei 400 UCITS ETF, Invesco Real Estate S&P US Select Sector UCITS ETF and the Commodity Funds). The exposure to interest rate risk is not significant at the financial year end.

##### (ii) Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

As at 30 November 2024 and 30 November 2023, the currency risk arises at Fund level.

Foreign currency risk, as defined in IFRS 7, arises as the value of future transactions, recognised monetary assets and monetary liabilities denominated in other currencies fluctuate due to changes in foreign exchange rates. IFRS 7 considers the foreign exchange exposure relating to non-monetary assets and non-monetary liabilities to be a component of other price risk and not foreign currency risk.

Monetary items are units of currency held and assets and liabilities to be received or paid in a fixed or determinable number of units of currency. Non-monetary items are any other assets and liabilities other than monetary ones.

Since the foreign cash balances held by the Depositary are minimal apart from the Funds listed above, the currency risk in relation to monetary assets is insignificant for the Company and its Funds. The Funds, in line with the securities comprising their underlying indices, are exposed to the currency risk of the respective Reference Index/strategy. The Investment Manager monitors the Funds' currency risk to ensure that it replicates that of the securities comprising the underlying Reference Index/strategy. The Funds are not exposed to significant currency risk as all the swaps settle in the base currency of the Fund.

##### (iii) Other price risk

As at 30 November 2024 and 30 November 2023, the price risk arises at Fund level. For each Fund this risk is in line with the risk of the Reference Index/Strategy.

Other price risk is the risk that the value of investments will fluctuate as a result of changes in market price (other than those arising from interest rate risk or currency risk), whether caused by factors specific to an individual investment, its issuer or similar financial instruments traded in the market.

#### Other price risk – sensitivity analysis

The sensitivity analysis for the Fund assumes a change in the market price of the investments while holding all other variables constant. In practice, this is unlikely to occur and changes in some of the variables may be correlated.

As at 30 November 2024

| Fund                                      | Reference Index                     | Number of Reference Index units as of 30 November 2024 | Reference Index close at 30 November 2024 | Reference Index close assuming a 1% downward movement | Monetary Impact of a 1% downward movement of the Reference Index | Currency |

#### C) Credit risk

The Company and its Funds are exposed to credit risk, which is the risk that one party to a financial instrument or other obligation will cause a financial loss for the other party by failing to discharge an obligation.

The Company on behalf of a Fund may enter into derivative transactions in OTC markets, which will expose the Fund to the credit risk of its counterparties and their ability to satisfy the terms of such contracts. For example, the Company on behalf of the Fund may enter into repurchase agreements, forward contracts, options and swap arrangements or other derivative techniques, each of which exposes the Fund to the risk that the counterparty may default on its obligations to perform under the relevant contract.

In addition the Commodity Funds are exposed to counterparty risk on parties with whom they trade and will bear the risk of settlement default. The Commodity Funds may enter into transactions with counterparties whereby collateral is posted or received by the Commodity Funds to or from the counterparty. There were US Treasury Bills pledged by the Commodity Funds as at 30 November 2024 and as at 30 November 2023. Full details of the US Treasury Bills pledged by the Commodity Funds are detailed in Note 18. The Commodity Funds pledged securities as collateral to the counterparties. When cash or securities are received as collateral from the counterparties, the Depositary on behalf of the Commodity Funds takes physical receipt of the cash and securities. The cash and securities are held by the Depositary on behalf of the Commodity Funds and the credit risk exposure of the Commodity Funds is therefore considered minimal as all securities deposited with the Depositary will be clearly identified as being assets of the Funds. If the Commodity Funds are required to pledge cash or securities as collateral the Depositary will deliver the required collateral to the counterparties on behalf of the Commodity Funds.

All other Funds with the exception of the Commodity Funds may also pledge collateral in the form of equity securities. Securities pledged by the Funds are held by the Depositary and the credit risk exposure of the Funds is therefore considered minimal.

Please refer to the Schedule of Investments of the individual Fund's for concentration of credit risk by market and industry.

In the event of the bankruptcy or insolvency of a counterparty, the Fund could experience delays in liquidating the position and significant losses. These losses could include declines in the value of its investment during the financial year in which the Company seeks to enforce its rights, an inability to realise any gains on the Company's investment during such financial year and fees and expenses incurred in enforcing its rights.

There is also a possibility that the above agreements and derivative techniques are terminated due, for instance, to bankruptcy, supervening illegality or change in the tax or accounting laws relative to those at the time the agreement was originated. In such circumstances, investors may be unable to recover any losses incurred. Derivative contracts such as swaps entered into by the Company on behalf of a Fund on the advice of the Investment Manager involve credit risk that could result in a loss to the relevant Fund.

The Funds trade with approved counterparties having a minimum credit rating of A2/P2 or equivalent, or is deemed by the Company to have an implied rating of A2/P2. Alternatively, an unrated counterparty will be acceptable where each Fund is indemnified against losses suffered as a result of a failure by the counterparty, by an entity which has and maintains a rating of A2/P2.

All credit ratings of the counterparties at 30 November 2024 are as follows: Société Générale A+/A-1 (30 November 2023: A+/A-1), Goldman Sachs International A+/A-1 (30 November 2023: A+/A-1), Morgan Stanley & Co. International plc A+/A-1 (30 November 2023: A+/A-1), J.P. Morgan Securities plc AA-/A-1+ (30 November 2023: A+/A-1), Citigroup Global Markets Limited A+/A-1 (30 November 2023: A+/A-1), UBS AG, London Branch A+/A-1 (30 November 2023: A+/A-1), JPMorgan Chase Bank AA-/A-1+ (30 November 2023: A+/A-1), Deutsche Bank AG A+/A-1 (30 November 2023: A+/A-1), Merrill Lynch International A+/A-1 (30 November 2023: A+/A-1), Morgan Stanley Capital Services LLC A+/A-1 (30 November 2023: A+/A-1), Barclays Capital Securities Limited A+/A-1 (30 November 2023: A+/A-1), Citibank, N.A. London Branch A+/A-1 (30 November 2023: A+/A-1) and Credit Suisse Securities LLC A+/A-1 (30 November 2023: A+/A-1).

## Notes to the Financial Statements (continued)

### 2. Financial risks (continued)

#### C) Credit risk (continued)

The S&P rating of the issuer of all US Treasury Bills held by the Commodity Funds at 30 November 2024 was AA+/A-1+ (30 November 2023: AA+/A-1+).

The Investment Manager uses a mark to market approach to quantify, monitor and manage the credit risk exposure to derivative counterparties.

The Investment Manager imposes a credit exposure limit of 0.20% of Net Asset Value subject to a minimum value of EUR 100,000. In case the swap mark to market value exceeds this 0.20% limit the Investment Manager intends to trigger a swap reset, except for the Commodity Funds where a collateral call is made in case exposure exceeds the Minimum Transfer Amount agreed between the Funds and each swap counterparty. Additionally, the Investment Manager intends to impose a swap reset in case credit exposure to a swap counterparty exceeds EUR 400,000. Exposure can be higher than 0.20%. These resets or collateral calls can occur on a daily basis.

The swaps are also reset at a minimum on a 30 day basis and may also be reset to pay operating expenses. In addition, the swaps are reset every time there is a change in the notional amount of a swap as a result of subscriptions or redemptions, except for the Commodity Funds where resets occur on a weekly basis.

Finally, the Investment Manager follows detailed procedures for the construction of equity baskets and Treasury Bills portfolios designed to reduce potential credit exposure and enhance Fund liquidity.

As at 30 November 2024 and 30 November 2023, the unrealised gains/(losses) on the open swap positions are disclosed in the Schedule of Investments of each Fund.

Please refer to the Schedule of Investments of the Invesco Bloomberg Commodity UCITS ETF on pages 357 to 358 for information on Notional amounts of forward currency transactions.

The Company's Depositary is Northern Trust Fiduciary Services (Ireland) Limited (the "Depositary").

Northern Trust Fiduciary Services (Ireland) Limited ("NTFSIL") is the appointed Depositary of the Company, responsible for the safe-keeping of assets. NTFSIL has appointed The Northern Trust Company ("TNTC") as its global sub-custodian. Both NTFSIL and TNTC are wholly owned subsidiaries of Northern Trust Corporation ("NTC"). As at financial year-end date 30 November 2024, NTC had a long term credit rating from Standard & Poor's of A+ (30 November 2023: A+).

TNTC (as global sub-custodian of NTFSIL) does not appoint external sub-custodians within the U.S., the U.K., Ireland, Canada, Belgium, France, Germany, Netherlands and Saudi Arabia. However, in all other markets, TNTC appoints local external sub-custodians. Where relevant, also note the following currencies, Jordanian Dinar, Saudi Riyal, cash in the onshore China market (principally, the currency of Chinese Yuan Renminbi and any other currencies remitted into accounts in the onshore China market), are no longer held on the Balance Sheet of TNTC. For these off-book currencies, clients' cash exposure is directly to the relevant local sub-custodian/financial institution in the market.

NTFSIL, in the discharge of its depositary duties, verifies the Company's ownership of Other Assets, (as defined under Other Assets, Art 22(5) of UCITS V Directive 2014/91/EU) by assessing whether the Company holds the ownership based on information or documents provided by the Company or where available, on external evidence.

TNTC, in the discharge of its delegated depositary duties, holds in custody (i) all financial instruments that may be registered in a financial instruments account opened on the books of TNTC and (ii) all financial instruments that can be physically delivered to TNTC. TNTC ensures all financial instruments (held in a financial instruments account on the books of TNTC) are held in segregated accounts in the name of the Company, clearly identifiable as belonging to the Company, and distinct and separately from the proprietary assets of TNTC, NTFSIL and NTC.

In addition TNTC, as banker, holds cash of the Company on deposit. Such cash is held on the Statement of Financial Position of TNTC. In the event of insolvency of TNTC, in accordance with standard banking practice, the Company will rank as an unsecured creditor of TNTC in respect of any cash deposits.

Insolvency of NTFSIL and or one of its agents or affiliates may cause the Company's rights with respect to its assets to be delayed.

The Responsible Party manages risk by monitoring the credit quality and financial position of the Depositary and such risk is further managed by the Depositary monitoring the credit quality and financial positions of sub-custodian appointments.

Northern Trust Corporation has provided a guarantee to Invesco Markets plc in relation to the payment of any obligations owing by Northern Trust Fiduciary Services (Ireland) Limited to Invesco Markets plc under the Depositary Agreement upon written demand after 30 days of any non-payment.

Northern Trust Corporation has the right under the guarantee to assert any such defences available to the Northern Trust Fiduciary Services (Ireland) Limited in relation to any such payments.

The Company is also exposed to credit risk through collateral held on the Commodity Funds with The Northern Trust Company which has a credit rating at the financial year end of AA-/A-1+ (30 November 2023: AA-/A-1+).

The total return swaps and outperformance swaps are unfunded.

#### D) Liquidity risk

As at 30 November 2024 and 30 November 2023, the liquidity risk arises at Fund level.

## Notes to the Financial Statements (continued)

### 2. Financial risks (continued)

#### D) Liquidity risk (continued)

Liquidity risk is the risk that a Fund may not be able to generate sufficient cash resources to settle its obligations in full as they fall due or can only do so on terms that are materially disadvantageous.

Liquidity risk exists when a particular instrument is difficult to purchase or sell. If a derivative transaction is particularly large or if the relevant market is illiquid as is the case with many privately negotiated derivatives, it may not be possible to negotiate or liquidate a position at an advantageous price, or at all. The Investment Manager is satisfied that the approved counterparties will close out their swaps at any time at fair value.

Liquidity is managed by investing predominantly in UCITS eligible listed securities that are traded in an active market and can be readily disposed. The liquidity of these equities can be utilised in responding to changes in the notional value of the swaps of the Funds.

The Investment Manager monitors the 10 days average daily trading volume of the underlying equity stocks for the OTC derivatives (swaps) to ensure that sufficient liquidity remains in the market for these securities.

Redeemable Shares are redeemed on demand at the Shareholder's option.

Even though the Shares may be listed on one or more relevant stock exchanges, there can be no certainty that there will be liquidity in the Shares on any relevant stock exchange or that the market price at which the Shares may be traded on a relevant stock exchange will be the same as or approximately equal to the Net Asset Value per Share.

As the Shares may be dealt in by means of subscription and redemption, the Directors consider that large discounts or premiums in the Net Asset Value of a Fund would not be sustainable. There can be no guarantee that once the Shares are listed on a relevant stock exchange they will remain listed or that the conditions of listing will not change.

Trading in Shares on a relevant stock exchange may be halted or suspended due to market conditions or for the reason that, in the relevant stock exchange's view, trading in the Shares is inadvisable, or otherwise pursuant to the relevant stock exchange's rules. If trading on a relevant stock exchange is halted, investors may not be able to sell their Shares until trading resumes however such investors should be able to apply to the Company to redeem Shares in accordance with the provisions set out in the Prospectus.

The Company has the discretion in circumstances set out in the Prospectus to temporarily suspend the calculation of the Net Asset Value of any Fund and the subscription, redemption or exchange of Shares.

The following tables below and overleaf analyse the Fund's financial liabilities into relevant maturity groupings based on the length of time remaining between the Statement of Financial Position date and the contractual maturity date. The amounts in the tables are the contractual undiscounted cash flows. Balances due within twelve months equal their carrying balances as the impact of discounting is not significant. All amounts are stated in sub-fund currency.
