Management Board's report

General

ASR Vermogensbeheer N.V. (hereinafter: a.s.r. vermogensbeheer) has its registered office in Utrecht and is listed in the Commercial Register of the Chamber of Commerce in Utrecht under number 30227237. a.s.r. vermogensbeheer is wholly owned by ASR Nederland N.V.

a.s.r. vermogensbeheer's objective is to manage investment institutions and to provide investment services to group companies of ASR Nederland N.V. and on behalf of third parties. a.s.r. vermogensbeheer offers investment services for pension funds, insurers, guarantee and donor-advised funds, charitable organizations, regional authorities, healthcare and educational institutions, network companies, housing associations, etc. a.s.r. vermogensbeheer offers institutional investment funds and individual asset management mandates as well. The product range consists of European corporate bonds, interest rate overlay, European government bonds, global stocks, balanced mandates, tailored bond portfolios, private debt, structured fixed income and mortgages. Other investment categories are purchased by a.s.r. vermogensbeheer in accordance with a.s.r.'s quality and sustainability criteria.

a.s.r. vermogensbeheer does not employ any staff members. All activities are carried out by employees of ASR Nederland N.V. on the basis of an employee loan agreement.

Review of developments in the first half of 2024

In October 2022, ASR Nederland and Aegon N.V. (hereinafter 'Aegon') announced that a.s.r. would take over Aegon's Dutch operations. This transaction was completed on 4 July 2023. The agreements made between the two parties include a long-term agreement (hereinafter: FAMA) between a.s.r. vermogensbeheer and Aegon Asset Management (hereinafter 'Aegon AM') to the effect that, among other things, the investment portfolios relating to Aegon's Dutch operations are under the management of a.s.r. vermogensbeheer since 4 July 2023. The management of the ASR (Separate Account) Mortgage Fund, ASR Private Debt Fund I, ASR Renewable Infrastructure Debt Fund is transferred to Aegon AM as of July 1, 2024. Because of this transaction the reported figures over the reporting period 1 January 2024 till 30 June 2024 are not comparable to the reported figures over the same period in previous year.

Developments in equity

The other reserves were supplemented in 2024 with the profit from the 2023 financial year of €94.1 million and decreased with the dividend distribution to ASR Nederland N.V. of €81.4 million. There were no other changes in equity in 2024.

Developments in income

Management and service fees increased by €14.5 million to €69.5 million in 2024 as compared to the same period in 2023. The increase was largely due to the increase in the management fees ASR NL of €11.1 million. The assets under management in the funds under management of a.s.r. vermogensbeheer increased, which resulted in an increase of management and service fees of €5.6 million. The management fees of mandate clients decreased with €2.2 million, mainly because of the fees of the mortgage portfolios that were transferred to Aegon AM since 4 July 2023.

Interest income increased with €1.9 million caused by a temporarily high liquidity position.

Developments in costs

In the first half of 2024, the total costs of €63.3 million were €17.7 million higher as compared to previous year mainly caused by an increase of the asset management activities as a result of the 'Aegon transaction'. The increase in costs is due to an increase in personnel expenses (€6.8 million), an increase of license fee and other indirect costs (€5.2 million) and an increase of fees for asset management and administrative services (€5.7 million).

Assets under management

The assets managed by a.s.r. vermogensbeheer as at 30 June 2024 can be broken down as follows (x €1 billion):

Funds	30-06-2024	31-12-2023
Total funds and pools	37.1	34.2
Mandate clients	7.4	6.9
Mandate clients - ASR Nederland N.V. and subsidiaries	94.4	87.7
Total mandates	101.8	94.6
Subtotal assets under management	138.9	128.8
Elimination of participation in ASR funds*	-26.4	-23.9
Total assets under management	112.5	104.9

* To avoid double counting in the total assets under management, assets that are in turn invested in other ASR funds are eliminated.

License

a.s.r. vermogensbeheer holds a license as manager of alternative investment institutions as referred to in Section 2:65 (1) (a) of the Financial Supervision Act (*Wet op het financieel toezicht*, "Wft"). This relates to the license under the AIFMD (Alternative Investment Fund Managers Directive). Pursuant to Section 1: 102, paragraph 2, of the Wft, the scope of the license is limited to the offering of participations in:

- investment institutions that invest in financial instruments;
- investment institutions that invest in mortgage claims; and
- investment institutions that invest in private loans (non-tradeable bonds or other non-tradeable debt instruments).

Under this license, a.s.r. vermogensbeheer acts as the manager of amongst other the following alternative investment institutions: ASR Duurzaam Amerikaanse Aandelen Fonds, ASR Vooruit Mixfondsen, ASR ESG IndexPlus Institutionele Fondsen, ASR ESG IndexPlus Fondsen, ASR Kapitaalmarkt Fonds, ASR Wereldwijd Impact Aandelen Fonds and First Liability Matching N.V.¹

The license of a.s.r. vermogensbeheer has been extended with a license to manage or offer money market funds (MMFs), on the basis of Article 4 of the Money Market Fund Regulation (MMFR).

a.s.r. vermogensbeheer also acts as the manager of a number of investment funds which are not subject to a license obligation. Pursuant to Section 1:13a (1) (g) of the Wft, the management of these investment vehicles is exempt from the obligations set out in the Wft and derived regulations, and the management is therefore not subject to supervision by the Dutch Authority for the Financial Markets (AFM). These are investment funds in which group companies of ASR Nederland N.V. invest, such as ASR Pensioen Mixfondsen, ASR Pensioen Staatsobligatiefonds 15+ Jaar, ASR Pensioen Staatsobligatiefonds 10-15 Jaar, ASR Pensioen Staatsobligatiefonds 20+ Jaar, ASR Beleggingsmixfondsen, ASR Beleggingspools, ASR Paraplufonds, ASR Duurzaam Wereldwijd Aandelen Fonds, ASR Duurzaam Institutioneel Vermogensbeheer Beleggingsfondsen and ASR Duurzaam Azië Aandelen Fonds.

Pursuant to Section 2:67a(2), paragraphs (a), (b) and (d), of the Financial Supervision Act (Wft), a.s.r. vermogensbeheer is also permitted to offer the following investment services to both professional and non-professional investors:

- (a) Managing individual assets;
- (b) Providing investment advice on financial instruments;
- (d) Receiving and forwarding orders with regard to financial instruments.

These services are regulated in the Wft and the MiFID II (Markets In Financial Instruments Directive).

On this basis, a.s.r. vermogensbeheer acts as an individual asset manager on behalf of the group companies of ASR Nederland N.V., such as entities subject to supervision (OTSOs) and for third parties with external mandates.

The AIFMD sets out requirements which relate to the following processes:

¹The management of the ASR (Separate Account) Mortgage Fund, ASR Private Debt Fund I, ASR Renewable Infrastructure Debt Fund is transferred to Aegon AM as of July 1, 2024

(i) Portfolio and risk management

Under AIFMD, an AIF manager performs at least the portfolio and risk management of one or more AIFs (AIFMD Article 4, paragraph 1, under w). Under AIFMD paragraph 31 it is allowed to outsource one of these main tasks to another service provider. a.s.r. vermogensbeheer outsourced the portfolio management of ASR Mortgage Fund, ASR Separate Account Mortgage Fund, ASR Private Debt Fund I and ASR Renewable Infrastructure Debt Fund to Aegon Investment Management B.V. starting 4 July 2023. The risk management process of ASR Mortgage Fund, ASR Separate Account Mortgage Fund, ASR Private Debt Fund I and ASR Renewable Infrastructure Debt Fund is carried out by a.s.r. vermogensbeheer. The management of these funds is fully transferred to Aegon AM as of July 1, 2024

(ii) Administrative duties

In addition to the collective management of an AIF, an AIF manager can perform various administrative tasks such as are described in Annex 1, paragraph 2, of the AIFMD. The administrative tasks for ASR ESG IndexPlus Institutionele Fondsen, ASR ESG IndexPlus Fondsen, ASR Kapitaalmarkt Fonds, ASR Duurzaam Amerikaanse Aandelen Fonds, ASR Vooruit Mixfondsen and ASR Wereldwijd Impact Aandelen Fonds are carried out by a.s.r. vermogensbeheer.

a.s.r. vermogensbeheer has outsourced the administrative tasks associated with First Liability Matching N.V. to BNP Paribas S.A. The service provided by BNP Paribas S.A. is monitored in various ways, including periodic discussions and by obtaining, evaluating and reviewing the annual ISAE 3402 report. In addition to the annual ISAE 3402 report, a.s.r. vermogensbeheer receives on a monthly basis KPI reports in which the service provided is measured against Key Performance Indicators.

(iii) Independent depositary: depositary and custodian

As a result of the AIFMD legislation a.s.r. vermogensbeheer is obliged to appoint an independent depositary for funds under supervision. The depositary is an entity under legal supervision whose legal duties include monitoring cash flows, determining compliance with the investment policy and ownership verification with regard to the financial assets of the investment funds. The custodian is the safekeeper of the assets of the fund.

The AIFMD requirements and the corresponding arrangements within a.s.r. vermogensbeheer per fund can be summarized as follows:

(iv) Personnel and remuneration policy

The Management Board of a.s.r. vermogensbeheer currently consists of three Directors. In addition, the company itself does not employ any members of staff. All activities are carried out by employees at ASR Nederland N.V. As at 30 June 2024, 256 employees (246 FTEs) were subcontracted by a.s.r. vermogensbeheer pursuant to an employee loan agreement with ASR Nederland N.V. The remuneration policy of ASR Nederland N.V. applies to these employees. The remuneration policy of ASR Nederland N.V. has been determined by the Supervisory Board of ASR Nederland N.V. and meets all the (legal) requirements with regard to the remuneration policy.

The policy of a.s.r. vermogensbeheer with regard to conflicts of interest has been assessed by the Compliance department of ASR Nederland N.V. and is in line with the requirements of AIFMD. All employees of a.s.r. vermogensbeheer must be at all times independent and objective in performing their activities. Every act/and or decision must be in the best interest of the (fund) investor. That is why a.s.r. vermogensbeheer has several procedures which every employee must abide by and which are aimed at preventing conflicts of interest. These include the policy with regard to incentives, additional functions, handling company-sensitive information, handling price-sensitive information and private transactions in investments.

a.s.r. vermogensbeheer issues an ISAE 3402 Type II report, which has been examined by an external auditor. The ISAE 3402 assurance guideline provides a framework for ensuring a thorough and full understanding of the processes implemented, including the execution and control of those processes. It enables management to determine whether the processes meet the applicable standards. Various (internal control) processes of a.s.r. vermogensbeheer and the funds, including the (assessment) calculation of capital requirements for the manager, the daily calculation of the net asset value and the publication requirements are included in the ISAE controls. Quarterly reports are issued on the progress and outcome of the ISAE activities, to enable a.s.r. vermogensbeheer's Management Board to monitor and evaluate the implementation of key processes and their related controls.

Risk management

Risk management involves continuous and systematic monitoring of the organisation and its activities for risks in order to reduce the chance of risks occurring and/or restrict their consequences. In this way the business objectives can be achieved in a controlled environment, based upon sound business operations and whereas compliance with legislation and regulations is assured. Aforementioned aspects all in the interest of the (fund) investor (for the AIFs as well as the investment funds which do not qualify as AIF which are managed by a.s.r. vermogensbeheer and the individual asset management mandates managed by a.s.r. vermogensbeheer). The essence of this is that significant risks affecting management are identified and made understandable so that suitable control measures can be taken and the effectiveness of these measures can be monitored.

a.s.r. vermogensbeheer has a permanent risk management function that operates independently from the operational and investment departments and has been set up in accordance with the 'three lines of defense' model used within ASR Nederland N.V. This independence is guaranteed because of the functional reporting line to the Board of a.s.r. vermogensbeheer and escalation lines and standard reporting line to the central risk function (CRO) of ASR Nederland N.V. The compensation of risk management employees is not based on commercial objectives of a.s.r. vermogensbeheer, ASR Nederland N.V. or performance of the AIFs or investment funds not qualifying as AIF. Risk management has not been outsourced for any of the AIFs.

With regards to financial risk management, a.s.r. vermogensbeheer has distinguished and defined risks such as market risk (for instance interest rate risk, concentration risk and credit risk), counterparty risk and liquidity risk among others. These risks are controlled by means of risk thresholds which are monitored by Risk Management (limit controls). The risk limits are set up such that the risk profile of the AIFs and the funds which do not qualify as such can be monitored effectively. Every AIF and each fund that does not qualify as an AIF, has its own set of risk limits, depending on the type of investment and fund based on the applicable internal mandates. These mandate limits are formulated with stricter rules than the prospectus limits and serve as an indicator.

With regards to operational risk management aimed at preventing losses arising from deficient or interrupted internal processes, persons or systems or as a result of external events (including legal risk), the ISAE 3402 assurance standard is applied. The major risks in the daily processes are systematically identified through Operational Risk Assessments and the control environment accordingly being setup in such a matter that risks are mitigated. The key control measures are periodically tested for their operational effectiveness. The outcome of the test results and the extent of being 'in control' are reported, within a.s.r. vermogensbeheer as well as to the central risk function. In addition to the periodic testing, a self-assessment with regard to the internal control risk is carried out at a.s.r. vermogensbeheer annually. With this assessment, major risks are taken into account which might jeopardise the formulated objectives. The result of this assessment concerns an overview of all major risks identified and a list of required actions to mitigate these risks. The risk-mitigating actions must be carried out within a year.

a.s.r. vermogensbeheer adheres to the policy on controlling unethical behavior of ASR Nederland N.V. A fraud coordinator is appointed and a.s.r. vermogensbeheer investigates signals of unethical behavior, including corruption and fraud. Should integrity be compromised, including through corruption and / or fraud, a.s.r. vermogensbeheer will take appropriate measures, with due regard for the applicable laws and regulations. By performing systematic integrity risk analyses (SIRA), a.s.r. vermogensbeheer maps integrity risks and determines which additional control measures must be taken if the risk falls outside the risk appetite. The SIRA contributes to recognising and preventing that a.s.r. gets involved in violations of laws and regulations or other socially undesirable acts. The fraud and corruption risks are part of the SIRA.

Compliance officers have been appointed to support a.s.r. vermogensbeheer. The compliance officers operate from competence centers to carry out generic activities and take part in projects. Periodic consultation takes place between the compliance officers and employees of a.s.r. vermogensbeheer about compliance risks, the extent to which they are managed and progress in controls to be implemented about the compliance awareness. The compliance office quarterly reports on the extent to which compliance risks are managed.

The Risk Management department compiles a risk management report on a quarterly basis. This report covers all the activities of a.s.r. vermogensbeheer, the AIFs as well as the non-AIFs. Apart from the market risks, this report also discusses the operational, reputational and compliance risks. Part of the report is the incidents registration. This report is discussed in the Business Risk Committee of a.s.r. vermogensbeheer.

Risk management and regular assessment of the risk management system

According to Article 23, and Article 24b of the Wft Prudential Rules Regulation, a.s.r. vermogensbeheer has a suitable risk control system to recognise, measure, control and monitor adequately all relevant risks associated with the activities, processes and systems of the investment company. a.s.r. vermogensbeheer is a separate entity and is a wholly owned subsidiary of ASR Nederland N.V. In order to comply with article 80, paragraph two of the AIFMD Regulation, a distinction has been made for the functional and hierarchical relationships between:

- the risk management of funds
- the risk management of a.s.r. vermogensbeheer

The Board member who is responsible for the risk management of the funds is directly accountable to the CEO of ASR Nederland N.V. In particular, the risk exposure (such as credit and market risks) of the investments in the funds, which are managed by a.s.r. vermogensbeheer, are disclosed.

Capital adequacy

Investment companies must periodically conduct an assessment of the risks to which they are exposed, the extent to which the risks are mitigated and the amount of capital and liquidity required to hedge the residual risk. This 'Internal Capital Adequacy and Risk Assessment Process' (ICARAP) is a comprehensive risk assessment by the company regarding all the risks to which it is or could be exposed.

The required capital under the AIFMD and IFR regulations is annually assessed and reported to DNB. Based on internal or external developments, the required capital can also be adjusted. According to the ICARAP assessments a.s.r. vermogensbeheer has sufficient capital to manage counterparty risk, credit risk, concentration risk, operational risk, risk related to any significant organisational changes and claim risk. The amount of capital for these risks has been substantiated in the internal ICARAP documentation. a.s.r. vermogensbeheer has a Risk Appetite Statement to which a.s.r. vermogensbeheer endeavours to be capitalised amply above the minimum required capital. Dividends are exclusively paid on condition that the capital position remains amply above the required capital.

Prospects for 2024

The trend in the company's results depends strongly on the movement in the assets under management. This movement is heavily influenced by external factors such as political and economic developments, investor behavior and price movements on the stock-, currency- and interest rate markets.

For the foreseeable future, the most likely scenario seems to be that the American economy will continue to perform better than the European economy in absolute terms. For example, the IMF expects economic growth of approximately 0.9% for the euro zone and 2.1% for the US for the whole of 2024. For the time being, it seems most plausible that inflation pressure will continue to decline steadily towards the 2% inflation targets of central banks in the near future. The current interest rate expectation seems reasonably in line with this.

Objectives for 2024

The objectives in 2024 will remain to further expand the external asset management activities via current clients and new propositions. Key elements include supporting clients with our responsible ESG corporate bond and equity funds and the pension strategy. a.s.r. vermogensbeheer also plans to offer a number of new investment propositions in 2024 including integrated solutions for pension funds together with partners within ASR Nederland.

a.s.r. vermogensbeheer also planned to finalize the integration of the investment portfolios relating to the Aegon Dutch operations and to terminate the related transitional service agreements with Aegon AM.

a.s.r. vermogensbeheer as a responsible investor

a.s.r. vermogensbeheer has a formally approved investment policy already since 2007 which is being applied to all its investments, both for own account as for third party clients. With the years a.s.r. vermogensbeheer expanded the efforts from the original exclusionary criteria to focus on achieving a positive contribution to a more sustainable world. On the ASR Capital Markets Day in June 2024, our updated Policy for Responsible Investing (PRI) has been published.

All investments managed by a.s.r. vermogensbeheer are screened against the PRI policy (see www.asrvermogensbeheer.nl), focusing on aspects such as governance, social and environmental criteria. Countries and businesses that do not meet our minimum criteria are excluded. These include producers of controversial or conventional weapons and tobacco, the gambling industry, companies that extract coal and companies that derive most of their profits from unconventional oil and gas, the production of coal-fired electricity and nuclear energy. a.s.r. also assesses businesses on their level of compliance with international conventions such as the OECD guidelines, the UN Guiding Principles and UN Global Compact. In the first half of 2024, a.s.r. vermogensbeheer continued working on its fossil fuel exit strategy, with its second phase finalizing end of 2024.

With regard to investments in sovereign debt, a.s.r. vermogensbeheer has updated its exclusion list in April 2024, with 81 excluded countries that are identified as poor performers in the annual Freedom in the World report or which score a low ranking on the Corruption Perceptions Index or on the Environmental SDGs.

a.s.r. vermogensbeheer safeguarded the full compliance of its PRI policy using a three-step process: internal teams implementation (investment departments), compliance process and an independent external assurance (by Forum Ethibel). Responsible investment is an essential part of the investment beliefs of a.s.r. vermogensbeheer. The integration of ESG factors in the management of its investments contributes directly to the reduction of risks (both financial and reputational risks) and has a positive effect on its long-term performance. The PRI policy of a.s.r. vermogensbeheer has been integrated into its internal investment practice through:

Different methods of positive selection are used to further increase the ESG profile of our portfolio's, which can vary per asset class. a.s.r. vermogensbeheer favours companies that achieve an above-average performance in ESG policy and implementation. Based on Moody's ESG and MSCI ESG research, companies are classified on domains such as climate, environment, market ethics, good governance, social impact and human rights. A detailed description of these criteria is published on asrvermogensbeheer.nl. For sovereign bonds, a.s.r. vermogensbeheer applies a best-in-class selection of countries based on their SDG performance, in line with the SDG country ranking published by the SDG Index: the weighted average score of the a.s.r. vermogensbeheer sovereign portfolio is ranked in the first quartile (best-in-class) of the SDG Index.

For further information about Policy for Responsible Investing of a.s.r. vermogensbeheer, see: asrvermogensbeheer.nl. For all a.s.r. vermogensbeheer funds, additional information on responsible investing can be found in the prospectuses or the information memorandum, in line with the EU SFDR requirements.

a.s.r.'s Policy for Responsible Investing is valued

In July 2022, a.s.r.'s ESG Policy for Responsible Investing was awarded the number 1 position in the Fair Insurance Guide for the 7th consecutive time. The next update is expected end of 2024. Since 2013, the Fair Insurance Guide has examined the investment policies of insurers on a number of sustainability criteria and since 2014, a.s.r. has held first place.

Principles of valuation and determination of results

General

ASR Vermogensbeheer N.V. (hereinafter: a.s.r. vermogensbeheer) has its registered office in Utrecht and is listed in the Commercial Register of the Chamber of Commerce in Utrecht under number 30227237. a.s.r. vermogensbeheer is wholly owned by ASR Nederland N.V.

a.s.r. vermogensbeheer holds a license as manager of alternative investment institutions as referred to in Section 2:65 (1) (a) of the Financial Supervision Act (*Wet op het financieel toezicht*, "Wft"). This relates to the license under the AIFMD (Alternative Investment Fund Managers Directive). Pursuant to Section 1: 102, paragraph 2, of the Wft, the scope of the license is limited to the offering of participations in:

- investment institutions that invest in financial instruments;
- investment institutions that invest in mortgage claims; and
- investment institutions that invest in private loans (non-tradeable bonds or other non-tradeable debt instruments).

Under this license, a.s.r. vermogensbeheer acts as the manager of amongst other the following alternative investment institutions: ASR Duurzaam Amerikaanse Aandelen Fonds, ASR Vooruit Mixfondsen, ASR ESG IndexPlus Institutionele Fondsen, ASR ESG IndexPlus Fondsen, ASR Kapitaalmarkt Fonds, ASR Wereldwijd Impact Aandelen Fonds and First Liability Matching N.V.²

The license of a.s.r. vermogensbeheer has been extended with a license to manage or offer money market funds (MMFs), on the basis of Article 4 of the Money Market Fund Regulation (MMFR).

a.s.r. vermogensbeheer also acts as the manager of a number of investment funds which are not subject to a license obligation. Pursuant to Section 1:13a (1) (g) of the Wft, the management of these investment vehicles is exempt from the obligations set out in the Wft and derived regulations, and the management is therefore not subject to supervision by the Dutch Authority for the Financial Markets (AFM). These are investment funds in which group companies of ASR Nederland N.V. invest, such as ASR Pensioen Mixfondsen, ASR Pensioen Staatsobligatiefonds 15+ Jaar, ASR Pensioen Staatsobligatiefonds 10-15 Jaar, ASR Pensioen Staatsobligatiefonds 20+ Jaar, ASR Beleggingsmixfondsen, ASR Beleggingspools, ASR Paraplufonds, ASR Duurzaam Wereldwijd Aandelen Fonds, ASR Duurzaam Institutioneel Vermogensbeheer Beleggingsfondsen and ASR Duurzaam Azië Aandelen Fonds.

The interim financial statements of a.s.r. vermogensbeheer have been prepared according to the legal provisions of Title 9 Book 2 of the Dutch Civil Code and the Dutch Financial Supervision Act (*Wet op het financieel toezicht*: hereafter 'Wft'). All amounts included in the annual report are expressed in euros unless otherwise stated. The Board approved the interim financial statements on 29 August 2024.

Reporting period and comparative figures

The period of the interim financial statements runs from 1 January 2024 to 30 June 2024. The figures for the period from 1 January 2023 to 30 June 2023 are included as comparative figures.

Mergers and acquisitions

Acquisitions are recognized according to the purchase accounting method. This means that any assets and liabilities acquired are carried at fair value as at the acquisition date. The difference between cost and the company's share of the fair value of the identifiable assets and liabilities acquired at the time of the transaction of a participating interest is recognized as goodwill.

Foreign currency translation

Transactions denominated in foreign currencies are initially carried at the functional exchange rates at the date of transaction. Assets and liabilities denominated in foreign currencies are translated into euros at the exchange rate on the balance sheet date. Any exchange differences arising from the translation are recognized in the profit and loss account.

Basis of preparation

The accounting principles used in the preparation of the interim financial statements remained unchanged compared to the previous year. References to the notes are included in the balance sheet and the profit and loss account. The principles applied to the valuation of assets and liabilities and the determination of the result are based on historic costs. An asset will be recognized in the balance sheet if it is probable that the future economic benefits will flow to the Manager and its value can be reliably determined. A liability will be recognized in the balance sheet if it is probable that its settlement can be associated with an outflow of funds and the extent of the amount can be reliably determined. The starting point is the going concern basis.

Income is recognized in the profit and loss account if an increase in the economic potential associated with an increase in an asset or a decrease in a liability has taken place the extent of which can be reliably determined. Expenses are recognized if a decrease in the

² The management of the ASR (Separate Account) Mortgage Fund, ASR Private Debt Fund I, ASR Renewable Infrastructure Debt Fund is transferred to Aegon AM as of July 1, 2024

economic potential associated with a decrease in an asset or an increase in a liability has taken place, the extent of which can be reliably determined.

If a transaction results in (practically) all future economic benefits and risks with regard to an asset or a liability being transferred to a third party, the asset or the liability will no longer be recognized in the balance sheet. Furthermore, assets are no longer recognized in the balance sheet from the moment in time when the probability conditions of the future economic benefits and reliability of the value assessment can no longer be satisfied. A liability will no longer be entered into the balance sheet from the moment in time when the probability conditions of the expected outflow of funds and reliability of the value assessment can no longer be satisfied.

Income and expenses are allocated to the period to which they relate. The result is determined as the difference between the income and expenses.

Offsetting

A financial asset and a financial liability are netted and recognised in the balance sheet as a net amount if there is a legal or contractual right to settle the asset and the liability whilst being netted at the same time, and there is in addition the intention to settle the assets and liabilities in this manner. The interest income and interest expenses associated with the financial assets and liabilities recognised on a net basis will also be recognized as netted.

Related party transactions

A related party is a party that can exert significant influence on another party or can exert a significant influence on the financial and business policy of another party. Transactions with related parties are effected at arm's length rates.

Intangible fixed assets - Goodwill

Goodwill is capitalized net of accumulated amortization and impairment where applicable. The goodwill is originated on the acquisition of First Investments B.V. and is written off on a straight line basis over a period of six years. The estimated economic useful life is based on the nature and foreseeable useful life of the activities acquired.

Financial fixed assets - participating interests without significant influence over financial and operating policies

Participating interests over whose financial and operating policies no significant influence is exercised are carried at cost less any impairment. Dividends received are classified as income and recognized under financial income and expense.

Cash and cash equivalents

Any credit balances at banks are considered as cash and cash equivalents.

Receivables

After initial recognition the receivables will be recognized at amortized cost based on the effective interest method less provision for doubtful debts. If there are no premium, discount or transaction costs, the amortized cost price will be equal to the nominal value of the receivable.

Current liabilities

After their initial recognition the short-term debts are valued at amortized costs on the basis of the effective interest method. If there are no premium, discount or transaction expenses, the amortized cost price will be equal to the nominal value of the liability.

Revenue recognition

The company includes the revenue from providing services in the net turnover when the provision of the service has taken place, the price has been determined or can reasonably be estimated and there is a reasonable certainty that this amount can be collected. Normally these criteria are met at the moment that the service has been provided and acceptance, if required, has been obtained.

Taxes

The taxes on the profits include the taxes to be offset in the short term as well as the deferred taxes, taking into account tax rules and non-deductible expenses. No taxes are deducted from profits if and to the extent that setoff of these profits against losses suffered in previous years is possible.

Taxes are deducted from losses if setoff against profits gained in previous years is possible and this leads to a tax refund. Taxes are also deducted if it can reasonably be assumed that setoff of losses against future profits is possible. The taxes are calculated at the current rate on the results taking tax rules into account.

The use of estimates

The preparation of the interim financial statements requires management to make assessments, estimates and assumptions affecting the application of principles and the reported value of assets and liabilities, and of revenue and expenses. The actual outcomes can deviate from these estimates. The estimates and underlying assumptions are periodically assessed. Assumptions about future developments (or future developments that do not occur) may change due to market changes or circumstances arising that are beyond the control of the company. These changes in estimates will be accounted for prospectively.

The use of estimates is shown to a limited degree in note 6 (accrued liabilities). The cost provisions included there are formed partly - inherent in their nature - on the basis of estimates.

Risk management

As a manager a.s.r. vermogensbeheer has no positions in securities at its own expense and therefore has limited market risks. The remaining risks relate particularly to operational, compliance and reputational risks, apart from obtaining sufficient funds under management and related income.

Relationship with parent company and major activities

a.s.r. vermogensbeheer is a wholly owned subsidiary of ASR Nederland N.V. and its objective is managing assets and acting as asset manager for third parties. a.s.r. vermogensbeheer forms part of the ASR Nederland N.V. corporate income tax and sales tax entity. Apart from its relationship with the parent company a.s.r. vermogensbeheer is a manager of several funds and pools and the company utilizes processes at ASR Nederland N.V. All transactions between the related parties take place "at arm's length".

The financial details of a.s.r. vermogensbeheer are included in the consolidated interim financial statements of ASR Nederland N.V. The annual report of ASR Nederland N.V. is available on the website www.asrnederland.nl. In preparing the interim financial statements a.s.r. vermogensbeheer used the exemption offered in RJ 360.104 to not include a cashflow statement.

Notes to the balance sheet

1. Intangible fixed assets

The intangible fixed assets consist entirely of goodwill which originated on the acquisition of First Investments B.V. The purchase price of the acquisition of 100% of the shares amounted to €3,749,578. The actual value of the assets and liabilities taken over amounted to €567,367. The difference between the fair value of the assets and liabilities (€567,367) and the purchase price (€3,749,578) has been recognized as goodwill and has been written off on a straight line basis to zero over the expected economic life of the capitalized goodwill which has been determined as a period of 6 years.
