Notes to the Financial Statements

General

UI (the "Company") is organised in Luxembourg as a *société d'investissement à capital variable* ("SICAV") and qualifies as a collective investment undertaking under Part I of the Luxembourg law of 17 December 2010. The Company qualifies as an undertaking for collective investment in transferable securities under article 1(2) of the Directive 2009/65/EC and is presently structured as an umbrella fund. The Company has been established for an indefinite term. The office location is Grevenmacher in Luxembourg. The financial year begins on 1 October and ends on 30 September of the following year.

Significant accounting policies

The semi-annual report was prepared in accordance with the legal provisions and regulations in force in Luxembourg concerning the preparation and presentation of the financial statements and under the going - concern assumption.

The reporting currency is the Euro (EUR).

The net asset value per sub-fund, net asset value per share, net asset value per class, the redemption price of shares and the issue price of shares shall be determined on each valuation date, at least twice a month. The valuation dates for each sub-fund are indicated in the relevant Appendix of the prospectus.

The net asset value of each sub-fund and the net asset value of the relevant class shall be expressed in the currency of each sub-fund as described in the relevant Appendix of the prospectus. The net asset value shall be determined on each valuation date separately for each share of each sub-fund and for each class dividing the total net asset value of the relevant sub-fund and of the relevant class by the number of outstanding shares of such sub-fund and of the relevant class.

The net asset value shall be determined by subtracting the total liabilities of the sub-fund or class from the total assets of such sub-fund or class in accordance with the principles laid down in the Company's articles of incorporation and in such further valuation regulations as may be adopted from time to time by the Board of Directors.

Investments shall be valued as follows:

- (1) The value of any cash in hand or on deposit, discount notes, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued and not yet received shall be deemed to be the full amount thereof, unless in any case the same is unlikely to be paid or received in full, in which case the value thereof shall be arrived at after making such provision as the Company may consider appropriate in such case to reflect the true value thereof.
- (2) The value of all securities which are listed on an official stock exchange is determined on the basis of the last available prices. If there is more than one stock exchange on which the securities are listed, the Board of Directors may in its discretion select the stock exchange which shall be the principal stock exchange for such purposes.
- (3) Securities traded on a regulated market are valued in the same manner as listed securities.
- (4) Securities which are not listed on an official stock exchange or traded on a regulated market shall be valued by the Company in accordance with valuation principles decided by the Board of Directors, at a price no lower than the bid price and no higher than the ask price on the relevant valuation date.
- (5) Derivatives and repurchase agreements which are not listed on an official stock exchange or traded on a regulated market shall be valued by the Company in accordance with valuation principles decided by the Board of Directors on the basis of their marked-to-market price.
- (6) Term deposits shall be valued at their present value.
- (7) Traded options and futures contracts to which the Company is a party which are traded on a stock, financial futures or other exchange shall be valued by reference to the profit or loss which would arise on closing out the relevant contract at or immediately before the close of the relevant market.

Notes to the Financial Statements

Significant accounting policies (continued)

All securities or other assets for which the valuation in accordance with the above sub-paragraphs would not be possible or practicable, or would not be representative of their fair realisation value, will be valued at their fair realisation value, as determined in good faith and prudently pursuant to the procedures established by the Board of Directors.

Amounts determined in accordance with such valuation principles shall be translated into the currency of the sub-fund's accounts at the respective exchange rates, using the relevant rates quoted by a bank or another first class financial institution.

Notes to the Financial Statements

Performance fee

UI - Petrus Advisers Special Situations Fund UCITS

In addition to the portfolio manager fee, for each share issued, the Portfolio Manager may receive a performance fee (the "Performance Fee") of up to 20% of the amount by which the share value at the end of an accounting period exceeds the income from a money-market investment used as a benchmark in this accounting period by 3% ("hurdle rate"), however, up to a maximum of 20% of the average net asset value of the UCITS investment fund in the accounting period calculated from the values at the end of each valuation date. Sentence 1 applies if share classes are formed accordingly for each share class. If the share value at the beginning of the accounting period is lower than the highest level of the share value of the UCITS investment fund or the relevant share class at the end of the five preceding accounting periods (hereinafter "high-water mark"), the high-water mark will replace the share value at the beginning of the accounting period for the purpose of calculating the share value performance in accordance with sentence 1. If there are fewer than five previous accounting periods for the UCITS investment fund or share class, all previous accounting periods will be taken into account when calculating the fee.

The costs charged to the sub-fund may not be deducted from the performance of the benchmark before the comparison takes place. The specified benchmark is EURIBOR 12 months.

The accounting period starts on 1 October and ends on 30 September of each year. The share value performance is calculated using the BVI method (explanation on the website 'www.bvi.de').

Based on the outcome of a daily calculation, any calculated performance fee incurred is set aside within the UCITS investment fund per share issued or any provision that has already been posted is reversed accordingly. Reversals of provisions are allocated to the UCITS investment fund. A performance fee can only be withdrawn if corresponding provisions have been formed. The Portfolio Manager may charge a reduced performance fee, or not charge one at all, for the UCITS investment fund or one or more share classes.

No performance fee was incurred for the sub-fund in the reporting period.

UI - Hansabay Blossom Fund

In addition to the management fee, the Portfolio Manager is entitled to receive a performance fee (the "Performance Fee") of 12.5% for Share Class Q USD which is calculated daily on the basis of the Net Asset Value per share of the relevant Share Class multiplied by the day end NAV of the Share class in the respective calculation period. The performance fee may only be levied and set aside when both of the following criteria are fulfilled:

(i) The performance of the Net Asset Value per Share Class used in the calculation of the Performance Fee is greater than 5% p.a. (the "Hurdle Rate"). At the time of launch, the reference figure compared to which the Hurdle Rate will be calculated for the first time is equal to the issue price of the respective Share Class.

(ii) The Net Asset Value per Share Class used in the calculation of the performance fee is greater than previous Net Asset Values per Share Class, where a performance fee has been paid out at the financial year end (the "High Watermark"). Each preceding decline in the Net Asset Value per Share Class of the relevant Share Class must be offset by a further increase.

No performance fee will be charged for the first partial year, but the High Watermark will be kept at 100 for purposes of calculation in the first full year.

Any applicable performance fee is calculated and accrued on every valuation day.
