Directors of the Fund

Chairman

Silvio Cruz – member of the board of directors since January 2012

Mr. Cruz is a Senior Vice President and Managing Director in Global Product Strategy & Development at AllianceBernstein. In addition, Mr. Cruz is Managing Director of AllianceBernstein (Luxembourg) S.à r.l. Since 1996, Mr. Cruz has garnered experience in areas that include servicing cross-border retail, institutional and private client distribution channels, fund structuring, fund launches, fund governance, business strategy and oversight, product strategy and development, fund accounting, fund administration, custody and transfer agency activities in support of AB's investment-management and funds-related activities in Luxembourg, the UK, Ireland, Japan, Hong Kong, Taiwan, the US and the Cayman Islands. Mr. Cruz previously served as a mutual fund accountant at New York Life Insurance Company. Mr. Cruz holds a BS in accounting from Rutgers University and an MBA with a concentration in finance from Rutgers Business School. Mr. Cruz is a FINRA-registered General Securities Representative licensed in the State of New York with Series 7 and 63, and a Chartered Alternative Investment Analyst (CAIA).

Directors

Bertrand Reimmel – member of the board of directors since August 2012

Mr. Reimmel, Senior Vice President, joined AllianceBernstein (Luxembourg) S.à r.l. in August 2005 as the Head of the Legal & Compliance Department and, since 2012, he also assumes the role of Managing Director of AllianceBernstein (Luxembourg) S.à r.l. As Managing Director, Mr. Reimmel oversees the Legal, Investment Compliance, Risk, Human Capital and Corporate Accounting functions. Mr. Reimmel became a member of the Luxembourg Bar in 1998 and, before joining AllianceBernstein (Luxembourg) S.à r.l., worked for more than eight years at Elvinger Hoss Prussen, one of the leading Luxembourg law firm, where he already covered AllianceBernstein files. Mr. Reimmel is also a key element in the launch and restructuring of each AllianceBernstein European UCITS and AIF. Furthermore, Mr. Reimmel is an active member of various ALFI Working groups. His 20 years of experience in the Luxembourg and European fund industry and his significant technical expertise to UCITS and Alternative Investment Funds make him one of the most-senior lawyers within the AllianceBernstein International Legal Group.

Scott Parkin – member of the board of directors since July 2019

Mr. Parkin, Senior Vice President and Counsel, Head of International Legal, joined AllianceBernstein in 2017. Mr. Parkin is a senior attorney responsible for legal matters involving the firm's international asset management business, in particular the international fund platforms. Prior to joining AllianceBernstein L.P., he was Senior Legal Counsel at HSBC Global Asset Management (USA) Inc covering similar legal matters. He earned a BA from Colgate University in 2007 and a JD from Western New England School of Law 2010.

Olivia Moessner – member of the board of directors since October 2019

Ms. Moessner is a partner of the law firm Elvinger Hoss Prussen, *société anonyme*. Ms. Moessner's practice concentrates on collective asset management and investment funds. Ms. Moessner advises a number of investment fund promoters and other financial institutions in relation to the set-up and structuring of their Luxembourg investment fund operations. Her practice encompasses a broad range of investment funds (UCITS, UCIs, SIFs and RAIFs) implementing various investments strategies including hedge fund strategies.

Ms. Moessner is a member of the Luxembourg Bar since 2001 and member of numerous working groups of ALFI (Association of the Luxembourg Fund Industry) on various key European topics such as UCITS eligible assets, SFTR, ETFs, MIFID, PRIIPs, ELTIFs, money market funds and pension funds.

Susanne van Dootingh – member of the board of directors since January 2020

Ms. van Dootingh is an independent non-executive director of several Luxembourg domiciled investment funds and management companies. Prior to becoming an iNED she was at State Street Global Advisors from 2002 to 2017 with her final position being Senior Managing Director, Head of European Governance and Regulatory Strategy EMEA. Prior to this she held various senior positions within State Street Global Advisors in Global Product and Fixed Income Product Engineering. Before joining SSGA in 2002 she worked at Fortis Investment Management, Barclays Global Investors, and ABN AMRO Asset Management. She graduated from the Vrije Universiteit Amsterdam with a Master of Arts in Financial Sector Management.

Structure of the Fund

AB SICAV I (the "Fund") is an open-ended investment company with variable capital (*société d'investissement à capital variable*) incorporated with limited liability under the laws of the Grand Duchy of Luxembourg on June 8, 2006 and registered under Part I of the law of December 17, 2010 on undertakings for collective investment (as amended) (the "Law of 2010"). The Fund qualifies as an Undertaking for Collective Investments in Transferable Securities ("UCITS") within the meaning of Article 1(2) of the EC Directive 2009/65 of July 13, 2009 (as amended).

The Fund is structured as an “umbrella fund” comprising separate pools of assets (each a “Portfolio”). As of May 31, 2022, the Fund had 56 Portfolios.

The Fund offers various classes of shares of each of its Portfolios. All Shares of the same Class have the same rights as to distributions and redemptions.

Several Portfolios and share classes of the Fund are registered for distribution in the following jurisdictions: Austria, Bahrain, Belgium, Chile, Croatia, Czech Republic, Denmark, Finland, France, Germany, Hong Kong, Hungary, Liechtenstein, Iceland, Israel, Italy, Japan, South Korea, Macau, The Netherlands, Norway, Poland, Portugal, Romania, Singapore, Slovakia, Spain, Sweden, Switzerland, Taiwan, United Arab Emirates and the United Kingdom.

Role and responsibility of the board of directors

a. General Information

For the year under review, the following persons have been appointed as directors of the Fund:

- **Silvio Cruz**, Chairman, Executive Director
- **Bertrand Reimmel**, Executive Director
- **Scott Parkin**, Executive Director
- **Susanne van Dootingh**, Independent Director
- **Olivia Moessner**, Non-Executive Director

The responsibility of the board of directors of the Fund (the “Board”) is governed exclusively by Luxembourg law. The Board is responsible for the overall management and control of the Fund in accordance with the Fund’s articles of incorporation.

The Board is further responsible for the implementation of each Portfolio’s investment objective and policies, as well as for oversight of the administration and operations of each Portfolio.

b. Depositary

The Board has appointed Brown Brothers Harriman (Luxembourg) S.C.A. (the “Depositary”) as the depositary of the Fund for (i) the safekeeping of the assets of the Fund (ii) the cash monitoring, (iii) the oversight functions and (iv) such other services as agreed from time to time and reflected in the Depositary Agreement.

The Depositary is a credit institution established in Luxembourg, whose registered office is situated at 80, route d’Esch, L-1470 Luxembourg, and which is registered with the Luxembourg register of commerce and companies under number B29923. It is licensed to carry out banking activities under the terms of the Luxembourg law of 5 April 1993 on the financial services sector, as amended.

c. Delegated functions

Management Company

The Board has appointed AllianceBernstein (Luxembourg) S.à r.l. as the Management Company of the Fund to be responsible on a day-to-day basis, under supervision of the Board, for providing administration, marketing, investment management and advisory services in respect of all portfolios.

The Management Company is (i) a management company authorized under chapter 15 of the Law of 2010 and (ii) an alternative investment fund manager in Luxembourg authorized under chapter 2 of the law of 12 July 2013 on alternative investment fund managers.

AllianceBernstein Investor Services, a unit of the Management Company, acts as registrar and transfer agent of the Fund. In such capacity, the Transfer Agent is responsible for processing purchases, redemptions, exchanges and transfers of Shares of the Fund.

Investment Manager

In respect of all portfolios, the Management Company has delegated its investment management and advisory functions to AllianceBernstein L.P., a Delaware limited partnership with principal offices at 501 Commerce Street, Nashville, Tennessee, 37203, U.S.A., a leading global investment manager providing diversified services to institutions and individuals through a broad line of investments, pursuant to the terms of an Investment Management Agreement.

Administrator

The Management Company has delegated the administration functions of the Fund to Brown Brothers Harriman (Luxembourg) S.C.A. pursuant to the terms of the Administration Agreement. In such capacity, it is responsible for the general administrative functions of the Fund required by Luxembourg law, such as the calculation of the Net Asset Value of the Shares and the maintenance of accounting records. Brown Brothers Harriman (Luxembourg) S.C.A. also acts as paying agent of the Fund.

Board Meetings

Four board meetings were held during the fiscal year of the Fund. The Board will meet quarterly generally in January, April, July and October but if necessary *ad hoc* meetings will be arranged. There was one *ad hoc* board of directors' meeting held during the fiscal year of the Fund in September 2021.

Events during the fiscal year

- The Board has decided to split certain share classes of the following Portfolios as of July 15, 2021 AB SICAV I – Asia Pacific Local Currency Debt Portfolio, AB SICAV I – All Market Income Portfolio, AB SICAV I – American Growth Portfolio, AB SICAV I – Asia Income Opportunities Portfolio, AB SICAV I – Concentrated Global Equity Portfolio, AB SICAV I – Concentrated US Equity Portfolio, AB SICAV I – Emerging Market Local Currency Debt Portfolio, AB SICAV I – Emerging Markets Low Volatility Equity Portfolio, AB SICAV I – Emerging Markets Multi-Asset Portfolio, AB SICAV I – Euro High Yield Portfolio, AB SICAV I – European Equity Portfolio, AB SICAV I – Eurozone Equity Portfolio, AB SICAV I – Global Income Portfolio, AB SICAV I – Global Real Estate Securities Portfolio, AB SICAV I – India Growth Portfolio, AB SICAV I – International Health Care Portfolio, AB SICAV I – International Technology Portfolio, AB SICAV I – Low Volatility Equity Portfolio, AB SICAV I – RMB Income Plus Portfolio, AB SICAV I – Select Absolute Alpha Portfolio, AB SICAV I – Select US Equity Portfolio, AB SICAV I – Short Duration High Yield Portfolio, AB SICAV I – Sustainable Global Thematic Portfolio, AB SICAV I – Sustainable US Thematic Portfolio and AB SICAV I – US Small and Mid-Cap Portfolio.
- Effective November 17, 2021, AB SICAV I – Emerging Market Debt Total Return Portfolio was renamed AB SICAV I – Sustainable Emerging Market Debt Portfolio.
- It was resolved by the Board to approve re-designation, at the effective date of November 17, 2021, of the classes A, A EUR H, AD, I, S and S1 shares of AB SICAV I – Concentrated Asia Equity Portfolio, to classes AX, AX EUR H, ADX, IX, SX and S1X shares, respectively.
- Effective December 31, 2021, it was resolved by the Board to approve the change of name of AB SICAV I – Alternative Risk Premia Portfolio into AB SICAV I – Multi-Strategy Alternative Portfolio, and AB SICAV I – Asia Low Volatility Equity Portfolio into AB SICAV I – Concentrated Asia Equity Portfolio.
- It was resolved by the Board to approve the transfer of all assets and liabilities (the “Restructuring”) of AB FCPI – Sustainable US Thematic Portfolio into AB SICAV I – Sustainable US Thematic Portfolio. The Restructuring was effective as of January 28, 2022, at the exchange ratio of 1:1. The first dealing day within the AB SICAV I was January 31, 2022.
- The portfolio AB SICAV I – All Market Total Return Portfolio was fully redeemed. The last Net Asset Value (“NAV”) was calculated on March 31, 2022. As of May 31, 2022, cash balance for the Portfolio amounted to \$72,541.
- It was resolved by the Board to approve the creation of the new portfolios within the Fund: AB SICAV I – Sustainable Income Portfolio, AB SICAV I – US Low Volatility Equity Portfolio, AB SICAV I – Asia High Yield Portfolio, AB SICAV I – Sustainable Climate Solutions Portfolio, AB SICAV I – Global Low Carbon Equity Portfolio, AB SICAV I – Climate High Income Portfolio, AB SICAV I – China Net Zero Solutions Portfolio and AB SICAV I – American Multi-Asset Portfolio. The Portfolios commenced operations on June 11, 2021, June 15, 2021, November 18, 2021, November 30, 2021, December 7, 2021, December 9, 2021, April 20, 2022, and April 21, 2022, respectively.
- It was resolved by the Board of Directors to approve re-designation, at the effective date of April 1, 2022, of the current class S EUR H shares of AB SICAV I – Concentrated US Equity Portfolio, to SQD EUR H and current class S GBP H shares of AB SICAV I – Arya European Alpha Portfolio, to SX GBP H.

COVID 19

Beginning late in 2019 and continuing through 2022, the outbreak of a novel coronavirus, which causes the disease known as COVID-19, expanded into a global pandemic. Growing turmoil from the spread of this coronavirus, and the potential for enduring and significant adverse impacts on global economies, have driven bouts of increased market volatility, which may recur as the pandemic and its results continue to unfold. The Board will continue to monitor the evolving situation and its impact on the financial position of the Fund and will adjust operational plans accordingly as the situation warrants.

June 21, 2022

Dear Shareholder,

This report provides an update for AB SICAV I (the "Fund") for the annual reporting period ended May 31, 2022.

US, international and emerging-market stocks declined during the 12-month period ended May 31, 2022, although US stocks outperformed on a relative basis. Throughout the first half of the period, equity markets continued to benefit from accommodative monetary policy that underpinned an accelerating global economic recovery. Volatility increased as rapidly rising inflation triggered a hawkish shift among most major central banks. Inflation worsened after Russia's invasion of Ukraine caused energy and agricultural prices to surge and China's pledge to enforce its zero-COVID policy raised new supply-chain concerns. The US Federal Reserve raised interest rates in March and signaled that it would move aggressively to harness inflation. The growing fear of recession led to sharp declines and periods of widespread volatility across global equity markets.

Against a backdrop of rising rates, growth stocks came under pressure, triggering a rotation into value-oriented stocks. Within large-cap markets, value stocks rose in absolute terms

and outperformed growth stocks, which declined, by a wide margin. Large-cap stocks outperformed small-cap stocks on a relative basis, but both declined in absolute terms.

Fixed-income government bond market yields increased rapidly, and bond prices fell in all developed markets. Most major central banks started tightening monetary policy by raising short-term interest rates and ending bond purchases to combat high and persistent inflation.

Global inflation-linked bonds fell less than nominal government bonds. In credit sectors, high-yield corporate bonds outperformed treasuries in the US and eurozone. Investment-grade corporate bonds trailed treasuries, underperforming in the US against US Treasuries while outperforming in the eurozone relative to eurozone treasuries. Securitized assets generally outperformed corporate bonds. Emerging-market bonds lagged as the US dollar advanced against most developed- and emerging-market currencies. Brent crude oil prices surged from increased demand and as major oil producers limited production increases.

We appreciate your investment in the Fund.

Sincerely,

AllianceBernstein L.P., the Investment Manager of the Fund

The share class performance of each Portfolio is based on the net asset value incorporating the impact of expenses reimbursed or waived by the Management Company as of May 31, 2022. No adjustment has been made for sales charges that may apply when shares are purchased or redeemed. Performance for distributing share classes includes the reinvestment of distributions paid during the year. Past performance is no guarantee of future results. Investment return and principal value may fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost.

* 6 months period ending May 31, 2022.

(a) Share class inception date July 15, 2021. Performance disclosed prior to inception is simulated.

(b) Return calculated from June 24, 2021.

(c) Share class re-designated. See Board of Directors' Report.

Return calculated from inception date on:

NOTE A: General Information

AB SICAV I (the “Fund”) is an open-ended investment company with variable capital (*société d’investissement à capital variable*) incorporated with limited liability under the laws of the Grand Duchy of Luxembourg on June 8, 2006 and registered under Part I of the law of December 17, 2010 on undertakings for collective investment (as amended) (the “Law of 2010”). The Fund qualifies as an Undertaking for Collective Investments in Transferable Securities (“UCITS”) within the meaning of Article 1(2) of the EC Directive 2009/65 of July 13, 2009 (as amended).

The Fund is structured as an “umbrella fund” comprising separate pools of assets (each a “Portfolio”).

The Fund offers various classes of shares of each of its Portfolios. All Shares of the same Class have the same rights as to distributions and redemptions.

AllianceBernstein India Growth (Mauritius) Limited, a Mauritian subsidiary, was incorporated under the laws of Mauritius (the “Mauritian Subsidiary”) to make investments for AB SICAV I – India Growth Portfolio in Indian securities,

in accordance with the investment objectives and policies of India Growth Portfolio. The Mauritian Subsidiary is a public company limited by shares and meets the definition of an Investment Company, as defined under Section 2 of the Mauritius Companies Act 2001. It had been issued a Category 1 Global Business License by the Financial Services Commission under the Financial Services Act 2007. It is wholly-owned by the India Growth Portfolio and issues redeemable shares only to such Portfolio. The results of the Mauritian Subsidiary are included in the financial statements of the Fund. On January 8, 2018, it was resolved by the board of directors of the Fund (the “Board of Directors” or “Board”) to deregister the Mauritian Subsidiary with the intent to liquidate. AllianceBernstein L.P. (the “Investment Manager”) had been executing a plan to transition investments out of the Mauritian Subsidiary and into the India Growth Portfolio.

As the transition plan has been completed, the Investment Manager is in the process of liquidating the Mauritian Subsidiary.

The following table lists each Portfolio’s commencement of operations as well as Share Classes funded as of May 31, 2022:

NOTE B: Significant Accounting Policies

The Financial Statements have been prepared in accordance with Luxembourg legal and regulatory requirements. The following is a summary of significant accounting policies followed by the Portfolios.

1. Valuation

1.1 Investments in Securities

Securities listed on a stock exchange or traded on any other regulated market are valued at the last sale price on such exchange or market or, if there has been no sale on such day, at the mean of the closing bid and asked price quoted on such day. If a security is listed on several stock exchanges or markets, the last sale price on the stock exchange or market which constitutes the principal market for such security is used.

Securities traded in the over-the-counter market, including securities listed on an exchange whose primary market is believed to be over-the-counter (but excluding securities traded on The Nasdaq Stock Market, Inc. (“NASDAQ”)) are valued at the mean of the current bid and asked prices. Securities traded on NASDAQ are valued in accordance with the NASDAQ Official Closing Price.

Securities are valued at their current market value determined on the basis of market quotations or, if market quotations are not readily available or are deemed unreliable, at “fair value” as determined in accordance with procedures established by, and under the general supervision of, the Management Company’s Board of Managers (the “Board of Managers”) and the Board of Directors.

Fair valuation procedures are designed to adjust closing market prices of securities to reflect what is believed to be the fair value of those securities at the Portfolio's Valuation Point.

When fair valuation procedures are employed with respect to a particular security, various objective and subjective factors may be considered, including, among other things, developments affecting the security or involving an entire market since the security's latest reported price, current valuations of relevant stock indices or pronouncements of certain governmental authorities. Fair value prices based on third party vendor modeling tools may be utilized to the extent available. Therefore, when fair valuation procedures are employed, the prices of individual securities utilized to calculate the Portfolio's NAV may differ from quoted or published prices for the same securities. Currently, fair value adjustments are only applicable to certain equity securities and futures contracts.

Accordingly, as may also be the case with a previously reported stock exchange price, the price of any portfolio security determined utilizing fair value pricing procedures may be materially different from the price to be realized upon the sale of such security.

For portfolio securities primarily traded on U.S. and Indian exchanges, it is expected that fair value pricing procedures are employed only under very limited circumstances such as, for example, the early closing of an exchange on which a particular security is traded or the suspension of trading in particular security. However, it is anticipated that fair value pricing procedures will be utilized frequently for securities traded on non-U.S. exchanges or other markets, particularly European and Asian markets, excluding India, because, among other reasons, these markets close well before the Portfolio's Valuation Point. Between the close of these markets and the relevant Portfolio's Valuation Point, significant events including broad market moves may occur. In particular, events in the U.S. market on a trading day after the close of these other markets may affect the value of the Portfolio's securities.

Fixed income securities (i), securities not listed on any stock exchange, or traded on any regulated market (ii), and securities, trading of which on a stock exchange or a regulated market is thin (iii), are valued at the most recent bid price provided by the principal market makers. If there is no such market price, or if such market price is not representative of a security's fair market value, then the security is valued in a manner determined to reflect its fair value in accordance with procedures established by, and under the general supervision of, the Board of Managers and the Board of Directors.

U.S. Government securities and any other debt instruments having 60 days or less remaining until maturity are generally valued at market price by an independent pricing vendor, if a market price is available. If a market price is not available, the securities are valued at amortized cost. This methodology is commonly used for short-term securities that have an original maturity of 60 days or less, as well as short-term securities that had an original term to maturity that exceeded 60 days. In instances when amortized cost is utilized, the valuation committee of the Investment Manager (the "Committee") must reasonably conclude that the utilization of amortized cost is approximately the same as the fair value of the security. Such factors the Committee will consider include, but are not limited to, an impairment of the creditworthiness of the issuer or material changes in interest rates.

Over-the-counter ("OTC") swaps and other derivatives are valued daily, primarily using independent pricing services, independent pricing models using market inputs, as well as third party broker-dealers or counterparties.

1.2 Warrant Valuation

A listed warrant is valued at the last traded price provided by approved vendors. If there has been no sale on the relevant business day, the warrant is valued at the last traded price from the previous day. On the following days, the security is valued in good faith at fair value. All unlisted warrants are valued in good faith at fair value. Once a warrant has expired, it will no longer be valued.

1.3 Financial Futures Contracts

Initial margin deposits are made upon entering into futures contracts. During the year the futures contract is open, changes in the value of the contract are recognized as unrealized gains or losses by "marking-to-market" on a daily basis to reflect the market value of the contract at the end of each day's trading. Variation margin payments are made or received, depending upon whether unrealized losses or gains are incurred. When the contract is closed, a realized gain or loss is recorded. This realized gain or loss is equal to the difference between the proceeds from (or cost of) the closing transaction and the Fund's basis in the contract. Open futures contracts are valued using the closing settlement price or, in the absence of such a price, the most recent quoted bid price. If there are no quotations available for the day of valuation, the last available closing settlement price is used.

1.4 Forward Foreign Currency Contracts

The unrealized gain or loss on open forward foreign currency contracts is calculated as the difference between the contracted rate and the rate to close out the contract. Realized profit or loss includes net gains or losses on forward foreign currency contracts which have been settled or offset by other contracts with the same counterparty.

1.5 Options Purchased and Options Written

When an option is purchased, an amount equal to the premium paid is recorded as an investment and is subsequently adjusted to the current market value of the option purchased. Premiums paid for the purchase of options which expire unexercised are treated on the expiration date as realized losses. If a purchased put option is exercised, the premium is subtracted from the proceeds of the sale of the underlying security or foreign currency in determining whether the relevant Portfolio has realized a gain or loss. If a purchased call option is exercised, the premium increases the cost basis of the security or foreign currency purchased by the relevant Portfolio. When an option is written, an amount equal to the premium received by the relevant Portfolio is recorded as a liability and is subsequently adjusted to the current market value of the option written. Premiums received from written options which expire unexercised are treated by the relevant Portfolio on the expiration date as realized gains. If a written call option is exercised, the premium is added to the proceeds from the sale of the underlying security or foreign currency in determining whether the relevant Portfolio has realized a gain or a loss. If a written put option is exercised, the premium reduces the cost basis of the security or foreign currency purchased by the relevant Portfolio. Listed put or call options purchased by a Portfolio are valued at the last sale price. If there has been no sale on that day, such securities are valued at the closing bid prices on that day.

1.6 Investments in other Undertakings for Collective Investment (“UCIs”)

Investments in other UCIs are valued at the last available NAV for the UCI in question.

1.7 Swap Agreements

The Portfolios accrue for interim payments on swap contracts on a daily basis, within income and expenses. Swap contracts are marked to market on a daily basis with fluctuations in value recorded in “Unrealized appreciation (depreciation) on swaps” in the Statement of Assets and Liabilities and “Changes in unrealized gains and (losses) on swaps” in the Statement of Operations and Changes in Net Assets. Once a swap contract has matured or is sold, the net amount is recorded as “Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures contracts, options and currency” in the Statement of Operations and Changes in Net Assets. The upfront premiums paid or received are recognized as cost or proceeds in the Statement of Assets and Liabilities and are amortized in a straight line basis over the life of the contract. Accruals of amortized upfront premiums on credit default swaps are included in “Swap income” until the position is sold, thereafter the amortized upfront premiums are included within “Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures contracts, options and currency”. On all other swap types the amortized upfront premiums are included within “Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures contracts, options and currency”. Fluctuations in the value of swap contracts are recorded as a component of “Changes in unrealized gains and (losses) on swaps” in the Statement of Operations and Changes in Net Assets.

“Upfront premiums paid/(received) on swap contracts” disclosed in the Statement of Assets and Liabilities include premiums paid (received) on the OTC credit default swaps and a margin that is yet to be settled on the centrally cleared credit default swaps.

2. Organization Expenses

The organization expenses for the following Portfolios are being amortized on a straight-line basis through the following dates:

AB SICAV I-	Dates
Asia Income Opportunities Portfolio	September 2021
China Bond Portfolio	April 2022
China Multi-Asset Portfolio	October 2025
Concentrated European Equity Portfolio	September 2025
Low Volatility All Market Income Portfolio	October 2025
Sustainable All Market Portfolio	October 2025
Arya European Alpha Portfolio	October 2025
Short Duration Income Portfolio	January 2026
Sustainable Income Portfolio	June 2026
US Low Volatility Equity Portfolio	June 2026
Asia High Yield Portfolio	November 2026
Sustainable Climate Solutions Portfolio	November 2026
Global Low Carbon Equity Portfolio	December 2026
Climate High Income Portfolio	December 2026
China Net Zero Solutions Portfolio	April 2027
American Multi-Asset Portfolio	April 2027

The organization expenses of other existing Portfolios have been fully amortized in prior years.

For Low Volatility Total Return Equity Portfolio, Sustainable Global Thematic Credit Portfolio, Sustainable European Thematic Portfolio, Europe (Ex UK) Equity Portfolio and Event Driven Portfolio, the Investment Manager waived amounts due to them in relation to formation expenses and therefore the deferred organization expenses asset has been written down on the above Portfolios during the year ended May 31, 2022.

3. Allocation Method

Income and expenses (except for class-specific management and distribution fees) for the “fixed income” and “balanced” Portfolios are allocated on a daily basis utilizing a hybrid allocation model. This model allocates based upon each class’ proportionate percentage of the combined value of settled shares for those classes which accrue a daily dividend and the value of the shares outstanding for those classes which accrue a monthly dividend or no dividend at all.

Income and expenses for the “equity” Portfolios are allocated on a daily basis by each class’ value of their proportionate shares outstanding.

For all of the Portfolios, realized and unrealized gains and losses are allocated on a daily basis by each class’ value of their proportionate shares outstanding.

Class specific management, management company, distribution fees and realized and unrealized gains and losses on forward foreign currency contracts related to the Currency Hedged Share Classes are charged/allocated directly to the respective class.

Due to the distinct institutional nature of all types of Class S shares of the Portfolios, certain fund expenses, where applicable, are allocated to the Class S shares based upon minimum shareholder activity and account level requirements.

4. Currency Translation

Values expressed in a currency, other than the currency in which a Portfolio is denominated, are translated at the average of the last available buying and selling price. Transactions in foreign currencies are translated into the currency of each Portfolio at the exchange rate ruling at the date of the transactions.

The Combined Statement of Assets and Liabilities is presented in U.S. Dollars at the exchange rates ruling at the date of the Combined Statement of Assets and Liabilities, while the Combined Statement of Operations and Changes in Net Assets is presented in U.S. Dollars at the average exchange rates ruling during the year. Exchange rates applied in the financial statements are: spot rate 1.0736 and average rate 1.1398 for EUR to USD, spot rate 0.1499 and average rate 0.1554 for CNH to USD and spot rate 1.2601 and average rate 1.3454 for GBP to USD.

The “Currency translation adjustment” presented in the Statement of Operations and Changes in Net Assets is the result of the difference in exchange rates used to translate combined net assets at the beginning of the year, the Statement of Assets and Liabilities and the Statement of Operations and Changes in Net Assets.

5. Investment Income and Investment Transactions

Dividend income is recorded on the ex-dividend date. Interest income is accrued daily. Investment gains and losses for the

Portfolios are determined on an average cost basis. The Fund accretes discounts and amortizes premiums as adjustments, if applicable, to interest income. Investment transactions are recorded on trade date plus one day.

6. Estimates

The preparation of the Financial Statements in conformity with accounting principles generally accepted in Luxembourg requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements and the reported amounts of income and expenses during the reporting year. Actual results may differ from those estimates.

7. Swing Pricing Adjustment

(The following applies to all Portfolios except Sustainable Global Thematic Portfolio)

The Board of Directors has communicated to all shareholders of the Fund to implement a NAV Adjustment Policy, also known as “swing pricing” policy, effective from November 2, 2015. Under this policy, a Portfolio’s NAV may be adjusted to reflect the impact of estimated transaction costs, deal spreads and charges generated by shareholders’ purchase and redemption activity. Swing pricing is automatically applied when daily net subscriptions or redemptions exceed a threshold specified by the Swing Pricing Committee under the supervision of the Board of Directors.

When swing pricing is applied, the NAV of the relevant Portfolio’s shares will be adjusted up or down, in an amount generally not to exceed 2% of the relevant NAV, so that the transaction costs incurred due to the purchase and redemption activity are borne by the investors transacting in the Portfolio’s shares, rather than the Portfolio itself. This adjustment is intended to minimize dilution of the value of shareholders’ investment in shares of a Portfolio brought on by transactions in the Portfolio’s shares.

NOTE C: Taxes

As a Luxembourg *société d’investissement à capital variable* (SICAV), the Fund is not subject, under present tax laws, to income, withholding or capital gains taxes in Luxembourg.

The Fund is subject to the Luxembourg *taxe d’abonnement* at the rate of 0.05% per annum calculated and payable quarterly, on the aggregate total net assets on the last day of each calendar quarter. The rate is 0.01% for share classes reserved to institutional investors within the meaning of Article 174 of the Law of 2010. Dividends, interest and capital gains on Portfolio securities issued in certain countries may be subject to withholding or capital gains taxes imposed by such countries.

India

Income distributions to the Mauritian Subsidiary by way of interest from its investments in debt securities of Indian companies should be subject to withholding tax at the rate between 5% to 20%. Dividends paid to the Mauritian Subsidiary from its investment in equity securities of Indian companies should not be subject to withholding tax. The Governments of India and Mauritius have signed a Protocol for amending the tax treaty between India and Mauritius. The renegotiation of the Treaty clarifies the applicability of a general anti-avoidance rule (“GAAR”) to a Mauritius subsidiary deemed a tax resident of

The recent and unprecedented financial market conditions linked to the COVID-19 crisis led to a widening of bid/offer spreads of certain securities and consequently higher transaction costs for the Fund. The Swing Pricing Committee believes that the current swing pricing thresholds of generally up to 2% for the Fund may not adequately reflect the expected costs associated with trade execution prices and therefore may not fully protect the interests of the Fund’s Shareholders in the event of redemption and subscription activity. It was resolved by the Board of Directors, in line with “FAQ CSSF on Swing Pricing Mechanism”, to allow the Swing Pricing Committee to go beyond the Swing Pricing threshold as it deems appropriate for any relevant Portfolio in order to ensure that the remaining Shareholders of the Fund are not impacted by the current transaction costs linked to the COVID-19 crisis.

The NAV per Share and the total net assets as disclosed in the Statistical Information are the published NAV per Share and the total net assets, whereas the total net assets disclosed in the Statement of Assets and Liabilities and Statement of Operations and Changes in Net Assets is the total NAV excluding any period end swing adjustments.

All Portfolios subject to swing pricing except Asia Pacific Local Currency Debt Portfolio, Concentrated Asia Equity Portfolio, All Market Total Return Portfolio, Multi-Strategy Alternative Portfolio, All China Equity Portfolio, Sustainable European Thematic Portfolio, Europe (Ex UK) Equity Portfolio, China Multi-Asset Portfolio, Concentrated European Equity Portfolio, Low Volatility All Market Income Portfolio, Arya European Alpha Portfolio, Short Duration Income Portfolio, Sustainable Income Portfolio, Asia High Yield Portfolio, Sustainable Climate Solutions Portfolio, Global Low Carbon Equity Portfolio, Climate High Income Portfolio, China Net Zero Solutions Portfolio and American Multi-Asset Portfolio swung their NAVs during the reporting year. As of May 31, 2022, the following Portfolio swung its NAV:

- Concentrated US Equity Portfolio.

Mauritius. As per the Protocol, India shall have the right to tax capital gains arising from disposition of shares acquired on or after April 1, 2017 in a company resident in India, with shares acquired on or before March 31, 2017 being grandfathered as exempt from capital gains taxation.

People’s Republic of China (PRC)

Corporate Income Tax (“CIT”)

By investing in shares of PRC resident enterprises (including China A-, B- and H-Shares), RMB denominated corporate and government bonds, securities investment funds and warrants listed on the PRC stock exchanges or PRC inter-bank bond markets, a Portfolio may be subject to withholding income tax (“WIT”) and other taxes imposed in the PRC.

Lacking specific guidance, it is uncertain whether the RQFII or the relevant investing Portfolios would be considered the taxpayer with respect to the PRC-sourced income derived from the investment in bonds, shares and other securities in the PRC. In the event the RQFII were considered to be the taxpayer, any PRC taxes levied against the RQFII would be reimbursed and ultimately borne by the relevant Portfolios of the Fund.

If the relevant Portfolios are deemed to be the taxpayer, then such Portfolios will be subject to PRC CIT at 25% on its worldwide

taxable income if it is considered to be a tax resident enterprise of the PRC. If the Portfolio is considered to be a nontax resident enterprise with an establishment or place of business (“PE”) in the PRC, the PRC sourced profits attributable to that PE would be subject to CIT at 25%.

Under the PRC CIT Law effective from 1 January 2008, a foreign enterprise without a PE in the PRC will generally be subject to a WIT at the current rate of 10% on its PRC sourced income, including but not limited to passive income (e.g. dividends, interest, gains arising from transfer of assets, etc.), subject to the application of treaty relief.

The Investment Manager intends to manage and operate the Portfolios in such a manner that the Portfolios and the Fund not be treated as a tax resident enterprise of the PRC or a nontax resident enterprise with a PE in the PRC for CIT purposes, although this cannot be guaranteed. As such, it is expected that the Portfolios should only be subject to WIT at 10% to the extent the Portfolio directly derives PRC sourced income in respect of its investment in bonds, shares and other securities in the PRC.

Equity investments

With the approval from the PRC State Council, the PRC State Administration of Taxation, the PRC Ministry of Finance and the China Securities Regulatory Commission have jointly issued Caishui [2014] 79 (“Circular 79”) to clarify the WIT treatment with respect to gains derived by QFIIs and RQFIIs from the disposal of equity investments, including shares in PRC enterprises. According to Circular 79, QFIIs and RQFIIs are temporarily exempt from WIT with respect to gains derived from the disposal of equity investments, including shares in PRC enterprises (e.g. A-Shares and B-Shares), via the QFII or RQFII investment quota, effective from November 17, 2014.

PRC tax disclosure regarding Stock Connect

In addition to investing in A-Shares via the RQFII quota of the RQFII Holder, the Fund may gain exposure to A-Shares through Stock Connect, which has commenced trading as of November 17, 2014.

With the approval from the PRC State Council, the PRC State Administration of Taxation, the PRC Ministry of Finance and the CSRC have jointly issued Caishui [2014] 81 (“Circular 81”) to clarify the PRC tax treatment regarding China Connect Securities. Circular 81 is effective on November 17, 2014.

According to Circular 81, the Fund is subject to the following PRC income tax treatment with respect to the Northbound Trading under Stock Connect (i.e. trading of certain A-Shares on the SSE):

- Temporarily exempt from PRC WIT with respect to gains derived from the disposal of A-Shares.
- Subject to PRC WIT at 10% with respect to dividends received from A-Shares.
- Subject to PRC SD at 0.1% with respect to the sale of A-Shares (i.e. the purchase of A-Shares is not subject to PRC SD).

Investors should note that Stock Connect has limited or no history, and, accordingly, the taxation rules applicable to China Connect Securities traded on Stock Connect are not long established and subject to change in the future. Investors should seek advice from their professional tax advisors with any questions regarding China Connect Securities.

The PRC Ministry of Finance (“MOF”) and PRC State Administration of Taxation (“SAT”) have jointly issued Caishui [2018] 108 (“Circular 108”) to clarify the 3-year PRC tax exemption treatment of bond interest derived by foreign institutional investors on 22 November 2018. According to Circular 108, foreign institutional investors are temporarily exempt from PRC Withholding Income Tax (“WHT”) and PRC Value-Added Tax with respect to bond interest income derived in the domestic bond market for the period from 7 November 2018 to 6 November 2021. On October 27, 2021, the China State Council announced that the temporary exemption period is further extended to December 31, 2025. Circular 108 does not mention the retroactive tax collection on bond interest derived prior to 7 November 2018.

NOTE D: Distributions

The following tables describe the frequency and nature of distributions, if applicable, for Base Currency Share Classes and suffixes as well as the meaning of other suffixes used by the Fund. Note that the distribution policy of a suffix supersedes the distribution policy of the base Share Class listed below.

Base Share Class	Distribution Policy Details	
	Fixed Income Portfolios	All Other Portfolios
A, B, C, E, I, IX, L, N, RX, XX, Z	Declares distributions daily and pays them monthly	Does not make distributions
AB, F, S, SU, S1, W, 1, 2	Does not make distributions unless a suffix is used, as per below.	

Suffix	Distribution Policy Details
A <i>Example: AA</i>	Declares and pays distributions monthly, based on gross income and may pay out of capital
2 <i>Example: A2, I2</i>	Does not intend to make distributions
3 <i>Example: S13</i>	Does not intend to make distributions ¹
4 <i>Example: S14</i>	Does not intend to make distributions
D <i>Example: AD, SID</i>	For Equity/Multi-Asset Portfolios: declares and pays distributions monthly and may pay out of capital. For Fixed Income Portfolios: declares and pays distributions annually, based on gross income and may pay out of capital

Suffix	Distribution Policy Details
I ³ Example: AI, EI	Declares and pays distributions monthly, based on gross income, and may pay significantly out of capital
T Example: AT	Declares and pays distributions monthly based on net income and may pay out of capital
M Example: AM	Declares and pays distributions monthly at a fixed rate and may pay out of capital
QD Example: SQD, SIQD	Declares and pays distributions quarterly, based on net income, and may pay out of capital
MG Example: AMG	Declares and pays distribution monthly, based on gross income, and may pay out of capital
QG Example: AQG	Declares and pays distribution quarterly, based on gross income, and may pay out of capital
N Example: AN, IN	Does not intend to make distributions ⁴
NN Example: ANN, INN	Annual distribution based on net income and will not pay out of capital
K Example: AK, IK	Distributions to be declared and payable bi-annually, based on net income, and may pay out of capital ⁵
R Example: AR	Declares and pays distributions annually, based on gross income and may pay out of capital
L Example: IL	Monthly distributions based on net income and will not pay out of capital

Suffix	Additional information
X Example: A2X	Designates share classes no longer offered for new investors and may be used in addition to other suffixes relating to distribution. Note to distinguish the X suffix from base Share Classes (IX, XX, RX) offered for Global Core Equity Portfolio.

¹ Multi-Strategy Alternative Portfolio: may declare and pay distributions annually generally equal to all or substantially all of the Portfolio's net income attributed to such class of Shares however to the extent the NAV of such class, after the annual distribution, would not be below the NAV as at the end of the prior fiscal year.

² Global Real Estate Securities Portfolio: Share Class ID pays distributions annually based on net income.

³ If the NAV per share of the Share Class falls below USD 1 or AUD 1, the Board may either liquidate the Share Class or merge it with another Share Class that has similar features.

⁴ Europe (Ex UK) Equity Portfolio and Eurozone Equity Portfolio: may declare and pay distributions annually based on net income and may pay out of capital.

⁵ American Growth Portfolio: does not intend to make distributions.

There is no guarantee that distributions will be made. A high distribution yield does not necessarily imply a positive or high return. Gross income means income before the deduction of fees and expenses.

All Shares that declare distributions must do so at least once a year (unless there is nothing to distribute or if making distributions is at the discretion of the Board or the Management Company) and must pay them within one month of declaration. When a dividend is declared, the NAV of the relevant Share Class is reduced by the amount of the dividend.

Distributions are paid only on Shares that were owned as of the record date (the date on which distributions are assigned to Shares). For each Share Class, distributions are paid in the currency of that Share Class including the currency offered Share Class.

Unless otherwise specified above, all distributions indicated may consist of net income, gross income (interest and dividends before fees and expenses), realised and unrealised gains from Portfolio investments and/or capital invested in the Portfolio.

Distributions based on net income typically represent net income (gross income less fees and expenses). These distributions are based on actual investment results, do not target or project any particular rate or amount and may vary from one distribution period to another. Distributions in excess of net income may represent a return of the investor's original investment amount and as such may result in a decrease in the NAV per Share for the relevant Share Class.

Shareholders may request that their distributions be automatically reinvested. Unless reinvested, any distribution from capital may reduce a portfolio's future growth and increase the chances of capital loss. A high distribution yield does not necessarily imply a positive or high return.

No interest is paid on unclaimed dividend payments, and after 5 years these payments will be returned to the Portfolio.

The Board may offer new and different types of dividend-paying Share Classes for a Portfolio in the future.

The Board intends to maintain a stable distribution rate for the following Share Classes:

Portfolio	Share Classes and corresponding hedged Classes

NOTE E: Management Fee and Other Transactions with Affiliates

The Fund pays the Management Company a management fee. Under the terms of the Investment Management Agreement from the management fee earned, the Management Company pays an investment management fee to the Investment Manager.

The Management Company has voluntarily agreed to bear certain expenses to the extent necessary to limit total operating expenses on an annual basis.

These limitations have been set as follows (limitations expressed as a percentage of the average daily net assets):

(a) Last NAV calculated on March 31, 2022 (closure date).

Expenses borne by the Management Company are included in the Statement of Operations and Changes in Net Assets under “Expense reimbursed or waived”. Reimbursement receivable is included in the Statement of Assets and Liabilities under “Other receivables” or in “Accrued expenses and other liabilities”.

The Fund also pays its Management Company, a Management Company fee. Specific share classes of each Portfolio will pay the Distributor, a distribution fee, which is compensation for providing distribution related services to the Fund with respect to such shares.

All of the aforementioned fees are accrued at an annual rate on the average daily net assets of each Portfolio and paid monthly.

A list of each Portfolio’s annual rate for their applicable fees can be found in Table 1 (Page 478 to 504). Also, Class B, BD and each applicable H shares are subject to a contingent deferred sales charge at rates of between 0.00% and 4.00%. Class BX and each applicable H shares are subject to a contingent deferred sales charge at rates of between 0.00% and 3.00% or between 0.00% and 4.00%. Class B2, B2X, BT, E, EA, ED, EI and each applicable H shares are subject to a contingent deferred sales charge at rates of between 0.00% and 3.00%. Class C, C2,

C2X, CD, CT, CX and each applicable H shares are subject to a contingent deferred sales charge at rates between 0.00% and 1.00% which may be waived in certain circumstances by the dealer.

The Fund compensates its registrar and transfer agent, AllianceBernstein Investor Services, a unit of the Management Company, under a Management Fund Services Agreement for providing personnel and facilities to perform registrar and transfer agency services for the Fund. Such compensation amounted to \$13,504,644 for the year ended May 31, 2022.

The Fund compensates the Investment Manager for certain services provided to the Fund in connection with the registration of the Fund for sale in certain jurisdictions outside of Luxembourg, subject to certain conditions. For the year ended May 31, 2022, such compensation amounted to \$1,472,873 and is included in “Professional fees” in the Statement of Operations and Changes in Net Assets.

The Fund compensates its legal adviser, Elvinger Hoss Prussen, *société anonyme* (of which Mr. Yves Prussen, a manager of the Management Company, until February 11, 2022, is a partner and of which Ms. Olivia Moessner, director of the Fund, is a partner) for legal services rendered to the Fund. Payments of €100,161 were made for the year ended May 31, 2022 and are included in “Professional fees” in the Statement of Operations and Changes in Net Assets.

The Investment Manager has not entered into transactions in relation to a placing and/or a new issue in which a connected person had a material interest as a member of the underwriting syndicate.

All transactions executed on behalf of the Fund were entered into in the ordinary course of business and/or normal commercial terms.

The total aggregate value of the transactions of the Fund effected through the affiliated firms, Sanford C. Bernstein & Co., LLC and Bernstein Autonomous LLP were \$3,238,452. Such transactions represent less than 0.01% of total transactions. There was \$176 in commission paid for the year ended May 31, 2022 on securities transactions utilizing the services of the affiliated firms, Sanford C. Bernstein & Co. LLC and Bernstein Autonomous LLP. Several of the Fund’s directors are employees and/or officers of the Investment Manager and/or its affiliates.

US High Yield Portfolio and Short Duration Income Portfolio invest in AB FCP I – Mortgage Income Portfolio, a portfolio which is managed by the Management Company. Low Volatility All Market Income Portfolio invests in AB FCP I – Global High Yield Portfolio, a portfolio which is managed by the Management Company. American Multi-Asset Portfolio invest in AB FCP I – American Income Portfolio, a portfolio which is managed by the Management Company.

The Fund’s directors are entitled to remuneration for their services. Such accrued compensation amounted to \$71,629 for the year ended May 31, 2022 and is included in “Miscellaneous” in the Statement of Operations and Changes in Net Assets.

NOTE F: Soft Commission Arrangements and Transaction Costs

During the year ended May 31, 2022, where permitted under applicable law, the Investment Manager and any Affiliated Sub-Investment Manager, if applicable, received and entered into

soft-dollar commissions/arrangements with brokers relating to Portfolios of the Fund that invest in equity securities, in respect of which certain goods and services used to support the investment decision making process were received. The soft commission arrangements were entered into on the basis

that the execution of transactions on behalf of the Fund will be consistent with best execution standard and the Investment Manager considers many factors regarding best execution standards when entering into soft commission arrangements such as the size and nature of brokerage fees.

Additionally, due to the nature of the investment strategy of certain Portfolios, including where the Investment Manager delegates investment management services to AllianceBernstein Limited and CPH Capital Fondsmæglerselskab A/S, all costs associated with soft commission arrangements may be “unbundled” and borne by the Investment Manager or its sub-delegates, if required by applicable law.

The goods and services received include specialist industry, company and consumer research, portfolio and market analysis and computer software used for the delivery of such services.

The nature of the goods and services received is such that the benefits provided under the arrangement must be those which assist in the provision of investment services to the Fund and may contribute to an improvement in the Fund’s performance.

For the avoidance of doubt, such goods and services do not include travel, accommodations, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employees’ salaries or direct money payments.

Transaction costs are costs incurred in the acquisition, issue or disposal of transferable securities, money market instruments, derivatives or other eligible assets. They can include bid-ask spread, fees and commissions paid to agents, advisers, brokers and dealers, transaction related taxes and other market charges. They do not include debt premiums or discounts, financing costs or internal administrative or holding costs. Transaction costs are included within the cost of investments in the Portfolio of Investments as well as in the “Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures contracts, options and currency” and “Changes in unrealized gains and (losses) on investments” in the Statement of Operations and Changes in Net Assets. Transaction costs are excluded from the Total Expense Ratio and/or expense reimbursement calculation.

For the year ended May 31, 2022, the amount of transaction costs incurred by each Portfolio is detailed in the following table:

AB SICAV I-	Transaction costs
International Health Care Portfolio	\$ 899,626
International Technology Portfolio	\$ 1,542,074
Global Real Estate Securities Portfolio	\$ 36,984

(a) Last NAV calculated on March 31, 2022 (closure date).

NOTE G: Forward Foreign Currency Contracts

A forward foreign currency contract is a commitment to purchase or sell a foreign currency at a future date at a negotiated forward rate. The gain or loss arising from the difference between the original contract and the closing of such contract is included in “Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures contracts, options and currency” in the Statement of Operations and Changes in Net Assets.

Fluctuations in the value of open forward foreign currency contracts are reflected for financial reporting purposes as a component of “Unrealized appreciation/(depreciation) on forward foreign currency contracts” in the Statement of Assets and Liabilities.

One or more of a Portfolio’s share classes offered in a particular currency (each, an “Offered Currency”) may be hedged to such Offered Currency. Any such share class will constitute a “Currency Hedged Share Class”. Currency Hedged Share Classes aim to provide investors a return more closely

correlated to the Portfolio’s base currency return by reducing the effect of exchange rate fluctuations between the portfolio’s base currency and the relevant Offered Currency, taking into account practical considerations such as transaction costs. The hedging strategy employed is designed to reduce, but may not eliminate, currency exposure between the portfolio’s base currency and the Offered Currency. Risks may arise from the potential inability of counterparty to meet the terms of a contract and from unanticipated movements in the value of a foreign currency relative to the hedged currency.

Given that there is no segregation of liabilities between the various share classes within a portfolio, there is a remote risk that, under certain circumstances, currency hedging transactions in relation to a Currency Hedged Share Class could result in liabilities which might affect the NAV of the other share classes of the same portfolio, in which case assets of the other share classes of the portfolio may be used to cover the liabilities incurred by such Currency Hedged Share Class. The securities in the Fund are used as collateral for forward foreign currency contracts including those used for share class hedging.

NOTE H: Repurchase Agreements

Repurchase agreements are collateralized by obligations of the United States, its agencies or instrumentalities thereof. The securities underlying the repurchase agreement will be held by the Depository at all times in an amount at least equal to the repurchase price, including accrued interest.

At May 31, 2022, there were no repurchase agreements.

The total interest expense arising from repurchase agreements during the year ended May 31, 2022 for Global Income Portfolio was \$1,158.

NOTE I: Reverse Repurchase Agreements

Reverse repurchase agreements are identical to repurchase agreements except that rather than buying securities for cash subject to their repurchase by the seller, a Fund sells portfolio assets concurrently with an agreement by the Fund to repurchase the same assets at a later date at a fixed price slightly higher than the sale price. During the reverse repurchase agreement period, the Fund continues to receive principal and interest payments on these securities. Generally, the effect of a reverse repurchase agreement is that the Fund can recover all or most of the cash invested in the portfolio securities involved during the term of the reverse repurchase agreement, while it will be able to keep the interest income associated with those portfolio securities.

securities, is less than the cost of otherwise obtaining the cash invested in portfolio securities.

The value of reverse repurchase agreements and related collateral outstanding as at May 31, 2022, are as follows:

AB SICAV I-	Value	Collateral Market Value
Global Income Portfolio	\$19,289,045	18,993,092
Short Duration Income Portfolio . .	\$14,652,375	14,403,422

The total interest expense arising from reverse repurchase agreements during the year ended May 31, 2022 for Global Income Portfolio and Short Duration Income Portfolio was \$37,363 and \$27,577, respectively.

NOTE J: Financial Futures Contracts

The Fund may buy or sell financial futures contracts. The Fund bears the market risk that arises from changes in the value of these financial instruments. The Fund’s activities in financial futures contracts are conducted through regulated exchanges, which do not result in counterparty credit risk.

Pursuant to the contract, the Fund agrees to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contract. Such receipts or payments are known as the variation margin and are recorded by the Fund as unrealized gains or losses. When the contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the contract at the time it was opened and the time it was closed.

At the time the Fund enters into a financial futures contract, the Fund deposits and maintains with the broker as collateral an initial margin as required by the exchange on which the transaction is effected.

NOTE K: Swap Transactions

A swap is an agreement that obliges two parties to exchange a series of cash flows at specified intervals based upon or calculated by reference to changes in specified prices or rates for a specified amount of an underlying asset or otherwise

determined notional amount. Realized gains and (losses) and changes in unrealized gains and (losses) on swaps are included in the Statement of Operations and Changes in Net Assets respectively under “Realized gains and (losses) on investments, forward foreign currency contracts, swaps, financial futures

contracts, options and currency” and as a component of “Change in unrealized gains and (losses) on swaps”.

Centrally Cleared Credit Default Swaps

The buyer in a centrally cleared credit default swap agreement is obliged to pay the seller a periodic stream of payments over the term of the contract in return for a contingent payment upon the occurrence of a credit event with respect to an underlying reference obligation.

Centrally Cleared Interest Rate Swaps

A centrally cleared interest rate swap is a bilateral agreement in which each of the parties agree to exchange a series of fixed or floating interest rate payments based on a notional amount that serves as a computation basis.

Total Return Swaps

A total return swap is a bilateral agreement in which each of the parties agree to exchange the total performance of an underlying asset for a series of interest payments based on a notional amount that serves as a computation basis.

Credit Default Swaps

The buyer in a credit default swap agreement is obliged to pay the seller a periodic stream of payments over the term of the contract in return for a contingent payment upon the occurrence

of a credit event with respect to an underlying reference obligation.

Interest Rate Swaps

An interest rate swap is a bilateral agreement in which each of the parties agree to exchange a series of fixed or floating interest rate payments based on a notional amount that serves as a computation basis.

Inflation Swaps

An inflation swap is a bilateral agreement in which each of the parties agree to exchange fixed rate payments for floating, inflation index linked payments based on a notional amount that serves as a computation basis.

Variance Swaps

Variance swaps are contracts in which two parties agree to exchange cash payments based on the difference between the stated level of variance and the actual variance realized on underlying asset(s) or index(es). Actual “variance” as used here is defined as the sum of the square of the returns on the reference asset(s) or index(es) (which in effect is a measure of its “volatility”) over the length of the contract term. So the parties to a variance swap can be said to exchange actual volatility for a contractually stated rate of volatility.

NOTE L: Loans of Portfolio Securities

A Portfolio may make secured loans of its securities. The risk in lending securities, as with other extensions of credit, consists of possible loss of rights in the collateral should the borrower fail financially. In addition, a Portfolio will be exposed to the risk that the sale of any collateral realized upon the borrower’s default will not yield proceeds sufficient to replace the loaned securities.

In determining whether to lend securities to a particular borrower, the Investment Manager will consider all relevant facts and circumstances, including the creditworthiness of the borrower.

While securities are on loan, the borrower may pay a Portfolio concerned any income from the securities. A Portfolio may invest any cash collateral in money market instruments, thereby earning additional income, or receive an agreed upon amount of income from a borrower who has delivered equivalent collateral.

A Portfolio may have the right to regain record ownership of loaned securities or equivalent securities in order to exercise ownership rights such as voting rights, subscription rights and rights to dividends, interest or distributions. A Portfolio may pay reasonable finders’, administrative and other fees in connection with a loan.

For making secured loans of its securities, a Portfolio receives gross fee income, of which 20% is paid to securities lending agent for providing securities lending services.

For the year ended May 31, 2022, the Portfolios earned a net fee income, which is presented in Statement of Operations and Changes in Net Assets under “Securities lending income, net”.

For the year ended May 31, 2022 Brown Brothers Harriman & Co. (acting as securities lending agent) earned a fee of \$635,016 for providing securities lending services. This is included in the Statement of Operations and Changes in Net Assets under “Securities lending income, net”.

The value of loaned securities and related collateral outstanding as of May 31, 2022, are as below. The collateral relates to securities held on the Portfolios.

AB SICAV I-	Value	Collateral Market Value

Citigroup Global Markets					
Limited	€ 238,734	250,764			

NOTE M: Bank Facility

The Fund has access to an overdraft facility (the “Facility”), established with the Depositary, intended to provide for short-term/temporary financing if necessary, subject to certain restrictions, in connection with abnormal redemption activity.

Each Portfolio of the Fund is limited to borrowing 10% of its respective net assets. Borrowings pursuant to the Facility are subject to interest at a mutually agreed upon rate and security by the underlying assets of each Portfolio.

NOTE N: Option Transactions

The Fund may purchase and write (sell) put and call options on securities. The risk associated with purchasing an option is that the Fund pays a premium whether or not the option is exercised. Additionally, the Fund bears the risk of loss of the premium and a change in market value should the counterparty not perform under the contract. Put and call options purchased are accounted for in the same manner as portfolio securities. The cost of securities acquired through the exercise of call options is increased by the premiums paid. The proceeds from securities sold through the exercise of put options are decreased by the premiums paid.

When the Fund writes an option, the premium received by the Fund is recorded as a liability and is subsequently adjusted to the current market value of the option written.

Premiums received from written options which expire unexercised are recorded by the Fund on the expiration date as realized gains from options written. The difference between the premium received and the amount paid on effecting a closing purchase transaction, including brokerage commissions, is also treated as a realized gain, or if the premium received is less than the amount paid for the closing

purchase transaction, as a realized loss. If a call option is exercised, the premium received is added to the proceeds from the sale of the underlying security or currency in determining whether the Fund has realized a gain or loss. If a put option is exercised, the premium received reduces the cost basis of the security or currency purchased by the Fund. In writing an option, the Fund bears the market risk of an unfavorable change in the price of the security or currency underlying the written option.

Exercise of an option written by the Fund could result in the Fund selling or buying a security or currency at a price different from the current market value.

The Fund may also invest in options on swap agreements, also called swaptions. A swaption is an option that gives the buyer the right, but not the obligation, to enter into a swap on a future date in exchange for paying a market-based premium.

A receiver swaption gives the owner the right to receive the total return of a specified asset, reference rate, or index. A payer swaption gives the owner the right to pay the total return of a specified asset, reference rate, or index. Swaptions also include options that allow an existing swap to be terminated or extended by one of the counterparties.

NOTE O: Collateral

The following table lists the cash collateral held by/owed to broker for certain financial derivative instruments as of May 31, 2022:

NOTE P: Co-Management of Assets

For the purpose of effective management, where the investment policies of a Portfolio so permit, the Management Company may choose to co-manage assets of certain Portfolios within or outside the Fund. In such cases, assets of different Portfolios will be managed in common. The assets which are co-managed shall be referred to as a “pool”. These pooling arrangements are an administrative device designed to reduce operational and other expenses and do not change the legal rights and obligations of Shareholders. The pools do not constitute separate entities and are not directly accessible to investors. Each of the co-managed Portfolios shall remain entitled to its specific assets. Where the assets of more than one Portfolio are pooled, the assets attributable to each participating Portfolio will initially be

determined by reference to its initial allocation of assets to such a pool and will change in the event of additional allocations or withdrawals.

The entitlements of each participating Portfolio to the co-managed assets apply to each and every line of investments of such pool. Additional investments made on behalf of the co-managed Portfolios shall be allotted to such Portfolios in accordance with their respective entitlement, whereas assets sold shall be levied similarly on the assets attributable to each participating Portfolio.

As of May 31, 2022, the Fund co-manages the assets of certain Portfolios within the Fund utilizing the following pool:

Asset Pool	Participating Portfolio
AB – Global Growth Pool	Sustainable Global Thematic Portfolio

NOTE Q: Clearing Reserve Fund

(The following applies to China A Shares Equity Portfolio)

Under the Investment Regulations, the Sub-Custodian is required to deposit a minimum clearing reserve fund as a percentage of the ABL Quota, the percentage amount to be determined from

time to time by the China Securities Depository & Clearing Corporation Limited (“CSDCC”) Shanghai and Shenzhen branches. Currently, the minimum clearing reserve ratio determined by the CSDCC Shanghai and Shenzhen branches are 0.08% and 0.06% respectively.

NOTE R: Incentive Fee

Select Absolute Alpha Portfolio

The Investment Manager will receive, generally at the end of each fiscal year, from the Portfolio, an amount equal to 20% (10% for class F shares and 15% for class S13 shares) of the amount by which the Net Asset Value of each of the relevant Shares of the Portfolio at the end of such fiscal year (before reduction for the current year’s Incentive Fee and after reduction for the Management Fee) (the “Adjusted NAV”) exceeds the Prior High NAV (as defined below) of such Shares at the end of such fiscal year. The Incentive Fee will be based on the “Weighted Average Shares” in issue, as long as Weighted Average Shares do not exceed current Shares outstanding by more than 20%. In cases where Weighted Average Shares exceed current Shares outstanding by more than 20%, the Incentive Fee will be calculated based on current Shares outstanding.

- The “Prior High NAV” of a class of shares is the NAV of that respective class (appropriately adjusted for distributions, if any) immediately after giving effect to the last Incentive Fee paid with respect to such class of Shares or, if no Incentive Fee has been paid, the NAV of such class of Shares at issue.

The Incentive Fee, if applicable, is payable yearly following the end of each fiscal year.

If the class of Shares of the Portfolio that are charged Incentive Fees are redeemed other than as of the end of a fiscal year, an Incentive Fee with respect to such Shares will be determined for such partial fiscal year and paid as of such date. The Prior High NAV is not reset on those Dealing Days at which Incentive Fees crystallize following the redemption of Shares.

For calculation of Incentive Fees with respect to H Shares, the Management Company will exclude the impact of currency hedging activity. Therefore, an Incentive Fee may be accrued and paid with respect to H Shares when, after the effects of currency hedging activity, the NAV of such H Shares exceeds the Prior High NAV.

The following share classes (and corresponding H classes) do not charge an Incentive Fee: S.

As of May 31, 2022 incentive fees payable by Select Absolute Alpha Portfolio was \$394,927. This is included within the line item “Accrued expenses and other liabilities” in the Statement of Assets and Liabilities.

For the year ended May 31, 2022, the following share classes had incentive fees as follows:

Share Class	Incentive Fee charged	Percentage incentive fee based on the average share class NAV
A	\$ 178,410	0.09%
A AUD H	110	0.90%
A CHF H	241	0.07%

Arya European Alpha Portfolio

At the end of each fiscal year, the Investment Manager will receive 20% (15% for class F shares) of the amount by which the “Adjusted NAV” (as defined below) of each of the relevant class of Shares exceeds the “High-Water Mark” (as defined below) at the end of a fiscal year.

Calculation Methodology:

For each class of Share, the Incentive Fee is accrued each Business Day and will be based on the “Weighted Average Shares” (as defined below) in issue, as long as Weighted Average Shares do not exceed the Shares outstanding at the fiscal year end by 20% or more. In cases where Weighted Average Shares exceed the Shares outstanding at the fiscal year end by 20% or more, the Incentive Fee will be calculated based on the Shares outstanding at the fiscal year end.

Illustrative Example:

If at the end of a fiscal year, the Adjusted NAV for Class SU Shares (EUR 10.50) exceeds the applicable High-Water Mark (EUR 10.00), the Investment Manager will receive the Incentive Fee, calculated according to the methodology above.

- Outperformance (per share): EUR 0.50 (10.50 less 10.00)
- Incentive Fee (per share): EUR 0.10 (20% of Outperformance i.e. EUR 0.50)

After the Incentive Fee is paid, the Class SU Shares High-Water Mark now becomes EUR 10.40 (Adjusted NAV minus the Incentive Fee).

At the end of the following fiscal year, the Adjusted NAV for Class SU Shares will be measured versus the new High-Water Mark (EUR 10.40). If the Adjusted NAV per share for Class SU Shares exceeds the new High-Water Mark, the Incentive Fee will be paid, otherwise the Incentive Fee will not be paid.

Defined Terms:

- “Adjusted NAV” means the Net Asset Value per share before the reduction for the current year’s Incentive Fee, if any, and after reduction of any other costs and fees.
- “High-Water Mark” means, for a class of Shares, the Adjusted NAV immediately after the last Incentive Fee is paid or, if no Incentive Fee has been paid, the NAV of such class of Shares at issue.
- “Weighted Average Shares” means the total Shares in issue, for each class of Shares, on each day of the Portfolio’s fiscal year, including weekends, divided by the total number of days comprising that fiscal year.

Additional Information:

The High-Water Mark for a class of Shares does not reset and will only change (i.e. increase) in case an Incentive Fee is paid at the end of the fiscal year. Accordingly, an Incentive Fee will only be paid after any underperformance of such class of Shares has been fully recovered.

The Incentive Fee, if applicable, is payable yearly following the end of each fiscal year.

Where applicable, swing pricing adjustments will not be taken into account for the calculation of the Incentive Fee.

If a class of Shares charging Incentive Fees are redeemed other than as of the end of a fiscal year, an Incentive Fee with respect

to such class of Shares will be determined for such partial fiscal year and paid as of such date. The High-Water Mark is not reset on those Business Days at which Incentive Fees crystallize following the redemption of Shares.

For calculation of Incentive Fees with respect to H Shares, the Management Company will exclude the impact of currency hedging activity. Therefore, an Incentive Fee may be accrued and paid with respect to H Shares when, after excluding the effects of currency hedging activity, the Adjusted NAV of such H Shares exceeds the High-Water Mark.

The following share classes (and corresponding H classes) do not charge an Incentive Fee: S and Z.

As of May 31, 2022 incentive fees payable by Arya European Alpha Portfolio was €47,623. This is included within the line item “Accrued expenses and other liabilities” in the Statement of Assets and Liabilities.

For the year ended May 31, 2022, the following share classes had incentive fees as follows:

Share Class	Incentive Fee charged	Percentage incentive fee based on the average share class NAV
F	€ 29,055	0.18%
F CHF H	285	0.05%
F JPY	1,816	0.03%
I	610	0.34%
SU	16,203	0.11%

NOTE S: Subsequent Events

It was resolved by the Board to close the portfolio AB SICAV I - Sustainable European Thematic Portfolio as of July 28, 2022.

It was resolved by the Board to approve the change of name of AB SICAV I - Euro High Yield Portfolio into AB SICAV I - Sustainable Euro High Yield Portfolio and change of its investment policy effective September 30, 2022.

INDEPENDENT AUDITOR'S REPORT

To the Shareholders of AB SICAV I

Opinion

We have audited the financial statements of AB SICAV I (the "Fund") and of each of its portfolios, which comprise the statement of assets and liabilities and the portfolio of investments as at May 31, 2022, and the statement of operations and changes in net assets for the year then ended, and the notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of the Fund and of each of its portfolios as at May 31, 2022, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for Opinion

We conducted our audit in accordance with the Law of July 23, 2016 on the audit profession (the "Law of July 23, 2016") and with International Standards on Auditing ("ISAs") as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" ("CSSF"). Our responsibilities under the Law of July 23, 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "responsibilities of the *réviseur d'entreprises agréé*" for the audit of the financial statements" section of our report. We are also independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants ("IESBA Code") as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund (the "Board of Directors") is responsible for the other information. The other information comprises the information included in the annual report but does not include the financial statements and our report of the *réviseur d'entreprises agréé* thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors for the financial statements

The Board of Directors is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund

determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors is responsible for assessing the Fund's and each of its portfolios' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or any of its portfolios or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the *réviseur d'entreprises agréé* for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of the *réviseur d'entreprises agréé* that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of July 23, 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.
- Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its portfolios' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of the *réviseur d'entreprises agréé* to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of the *réviseur d'entreprises agréé*. However, future events or conditions may cause the Fund or any of its portfolios to cease to continue as a going concern.

INDEPENDENT AUDITOR'S REPORT (continued)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical

requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats of safeguards applied.

BNP Paribas Securities Services, Paris, succursale de Zurich, was authorized by the Swiss Financial Market Supervisory Authority FINMA as Swiss representative of the Fund, and also acts as paying agent. The prospectus, KIIDs, the articles of incorporations of the Fund, the annual and semi-annual reports, as well as the list of the purchases and sales which the Fund has undertaken during the financial year, may be obtained, on simple request and free of charge, at the head office of the Swiss representative, BNP Paribas Securities Services, Paris, succursale de Zurich, Selnaustrasse 16, CH-8002 Zürich, Switzerland.

The Fund's publications in Switzerland are on www.fundinfo.com. The issue and redemption prices of the Shares of the Fund, respectively the NAV per Share (with the mention "excluding commissions"), are published jointly and on a daily basis on www.fundinfo.com.

Please note that with effect from September 24, 2008, the International Health Care Portfolio is no longer available for investment by CPF members using CPF monies. This Portfolio will however continue to be subject to the investment guidelines issued by the Singapore CPF Board (the "CPF Investment Guidelines"), as the same may be modified, amended, re-enacted or reconstituted from time to time by the CPF Board.

The Net Asset Value of the Portfolios of the Fund are published on a daily basis at www.alliancebernstein.com

The KIIDs of the Fund are made available at www.alliancebernstein.com/go/kiid.

Notice to Shareholders

If required by law and applicable regulations, notice to shareholders will be published in the *Recueil Electronique des Sociétés et Associations* (formerly the "Mémorial") and in such other newspaper(s) in such countries as the Management Company may from time to time determine.

Changes in the Investment Portfolio

Changes in the Portfolio of Investments during the reporting year are available free of charge to the Shareholders at the registered office of the Management Company.

Controversial Weapons Policy

The Management Company arranges for the screening of companies globally for their corporate involvement in anti-personnel mines, cluster munitions and/or munitions made with depleted uranium. Where such corporate involvement has been verified, the Management Company's policy is not to permit investment in securities issued by such companies by the Fund.

Value at Risk

For UCITS the Value at Risk (VaR) can be measured on an absolute or a relative basis. VaR is a widely used risk measure of the risk of loss on a specific portfolio of financial assets. The Investment Manager monitored the total global exposure (market risk) of the equity Portfolios for the year ended May 31,

2022 utilizing the VaR calculated on a relative basis (pursuant to which the VaR of the relevant Portfolio may not exceed twice the VaR of the relevant reference benchmark). During the aforementioned year the low, high and average VaR of the Portfolios measured on a relative basis were as follows:

Portfolio	Benchmark	Low	High	Average
Emerging Markets Multi-Asset Portfolio	MSCI Emerging Markets	65.18%	94.51%	78.69%
All Market Income Portfolio	50% MSCI World Index / 40% Bloomberg Global High Yield (Hedged USD) / 10% Bloomberg Global Treasuries (Hedged USD)	31.42%	93.16%	70.20%
China Multi-Asset Portfolio	60% MSCI China All Shares / 40% Bloomberg China Aggregate Treasury Index	64.27%	124.85%	101.31%
Low Volatility All Market Income Portfolio	20% MSCI World Index / 20% Bloomberg Global High Yield (Hedged USD) / 60% Bloomberg Global Aggregate Corporate 1-3 Year Index (Hedged USD)	23.89%	92.34%	47.23%
Sustainable All Market Portfolio	30% MSCI World Index / 30% MSCI World Index (EUR hedged) / 40% Bloomberg Global Aggregate Index (EUR hedged)	18.58%	125.13%	100.61%
American Multi-Asset Portfolio	45% S & P 500 TR Index / 45% Bloomberg US Corporate High Yield Index / 10% Bloomberg US Treasuries Index	52.86%	109.28%	76.95%

For the below listed Portfolios the Investment Manager monitored the global exposure (market risk) utilizing the VaR calculated on an absolute basis (pursuant to which the VaR of the relevant Portfolio may not exceed 20% of its NAV).

During the aforementioned fiscal year the low, high and average VaR of the Portfolios measured on an absolute basis were as follows:

Portfolio	Low	High	Average
Euro High Yield Portfolio	1.33%	6.66%	2.69%
RMB Income Plus Portfolio	1.39%	3.58%	2.05%
Short Duration High Yield Portfolio	1.33%	3.82%	2.03%
Global Plus Fixed Income Portfolio	1.17%	3.30%	1.92%
Select Absolute Alpha Portfolio	3.58%	9.83%	6.18%
Emerging Market Local Currency Debt Portfolio	2.83%	14.50%	7.40%
Asia Pacific Local Currency Debt Portfolio	2.41%	5.29%	3.83%
Emerging Market Corporate Debt Portfolio	1.71%	4.15%	2.41%
US High Yield Portfolio	1.87%	4.31%	2.58%
Global Dynamic Bond Portfolio	0.73%	2.97%	1.62%
Asia Income Opportunities Portfolio	1.59%	5.61%	2.72%
Global Income Portfolio	1.53%	4.89%	2.57%

Event Driven Portfolio	5.17%	14.37%	9.14%
Arya European Alpha Portfolio	1.48%	6.29%	4.09%
Short Duration Income Portfolio	0.78%	3.17%	1.42%
Sustainable Income Portfolio	1.35%	5.55%	2.23%
Asia High Yield Portfolio	1.58%	10.00%	5.04%
Climate High Income Portfolio	1.76%	6.59%	3.18%

Leverage

For the Portfolios listed below, the Investment Manager does not expect to utilize bank borrowing in implementing the Portfolios' investment strategy.

The expected level of leverage is calculated as the sum of the notionals of the financial derivative instruments held by the Portfolio. Pursuant to the CSSF Circular 11/512 dated May 30, 2011, this calculation methodology neither takes into account the fact that a particular financial derivative instrument increases

or decreases the Portfolio's investment risks nor permits to net financial derivative instruments with reverse positions.

Shareholders should be aware that (i) a higher level of expected leverage does not automatically imply a higher level of investment risk and (ii) the expected level of leverage disclosed above is mainly generated by the use of derivatives for hedging purposes or for efficient portfolio management. In addition, the actual leverage of the Portfolio may deviate from the below mentioned expected level of leverage:

- Euro High Yield Portfolio
20%-250% range of the NAV of the Portfolio
- Emerging Markets Multi-Asset Portfolio
50%-300% range of the NAV of the Portfolio
- RMB Income Plus Portfolio
50%-300% range of the NAV of the Portfolio
- Short Duration High Yield Portfolio
20%-300% range of the NAV of the Portfolio
- Global Plus Fixed Income Portfolio

0%-200% range of the NAV of the Portfolio
- Event Driven Portfolio
200%-500% range of the NAV of the Portfolio
- China Multi-Asset Portfolio
0%-300% range of the NAV of the Portfolio
- Low Volatility All Market Income Portfolio
0%-350% range of the NAV of the Portfolio
- Sustainable All Market Portfolio
0%-200% range of the NAV of the Portfolio
- Arya European Alpha Portfolio
100%-400% range of the NAV of the Portfolio
- Short Duration Income Portfolio
0%-250% range of the NAV of the Portfolio
- Sustainable Income Portfolio
0%-400% range of the NAV of the Portfolio
- Asia High Yield Portfolio
0%-100% range of the NAV of the Portfolio
- Climate High Income Portfolio
0%-250% range of the NAV of the Portfolio
- American Multi-Asset Portfolio
0%-350% range of the NAV of the Portfolio

As a result of using the sum of notionals approach the average leverage of the Portfolios for the year ended May 31, 2022 was:

Portfolio	Leverage
Euro High Yield Portfolio	18.24%
Emerging Markets Multi-Asset Portfolio	136.89%

Portfolio	Leverage
RMB Income Plus Portfolio	120.35%
Short Duration High Yield Portfolio	28.05%
Global Plus Fixed Income Portfolio	105.17%
Select Absolute Alpha Portfolio	3.49%
Emerging Market Local Currency Debt Portfolio	414.62%
Asia Pacific Local Currency Debt Portfolio	135.74%
Emerging Market Corporate Debt Portfolio	15.26%
US High Yield Portfolio	27.24%
Global Dynamic Bond Portfolio	208.46%
Asia Income Opportunities Portfolio	26.10%
Global Income Portfolio	263.83%
Sustainable Emerging Market Debt Portfolio	207.97%
Multi-Strategy Alternative Portfolio	445.71%
All Market Income Portfolio	124.84%
China Bond Portfolio	0.00%
Low Volatility Total Return Equity Portfolio	102.58%
Sustainable Global Thematic Credit Portfolio	102.44%
Event Driven Portfolio	309.97%
China Multi-Asset Portfolio	54.09%
Low Volatility All Market Income Portfolio	133.95%
Sustainable All Market Portfolio	58.72%
Arya European Alpha Portfolio	156.07%
Short Duration Income Portfolio	51.63%
Sustainable Income Portfolio	48.44%
Asia High Yield Portfolio	1.53%
Climate High Income Portfolio	67.22%
American Multi-Asset Portfolio	19.86%

For the Portfolios listed below the Investment Manager used the commitment approach pursuant to the CSSF Circular 11/512 dated May 30, 2011 to monitor global exposure (market risk) resulting from the use of financial derivative instruments. Consequently, the net derivatives exposure created by derivative transactions combined with cash and other assets will closely approximate the NAV of the Portfolio.

As a result of using the commitment approach, the average leverage of the Portfolios for the year ended May 31, 2022 was:

Portfolio	Leverage
International Health Care Portfolio	0.00%
International Technology Portfolio	0.00%
Global Real Estate Securities Portfolio	3.30%
Sustainable Global Thematic Portfolio	13.50%

Remuneration

From January 1, 2021 until December 31, 2021 (the “Reference Period”), the total amount of remuneration paid—in cash and/or restricted securities—by AllianceBernstein (Luxembourg) S.à r.l. (“the Company”) to its entire staff (composed during the Reference Period in average of 91 employees, including its branch) was EUR 15,739,379.

In particular, during the Reference Period, the total amount of remuneration mentioned above was split into fixed and variable remuneration as follows:

- Fixed remuneration: EUR 9,478,588
- Variable remuneration: EUR 6,260,791

No fees based on the performance of the Fund or carried interest are used to remunerate employees of the Company.

During the Reference Period, no remuneration was paid by the Fund and/or the Company to the identified staff of the Investment Manager.

During the Reference Period, the total amount of remuneration paid to identified staff, which is composed during the Reference Period, by 9 employees, was EUR 1,665,756 (split as follows: fixed remuneration EUR 1,159,995 and variable remuneration EUR 505,761 representing less than 30% of the total remuneration).

PEA Eligibility (Plan d’Epargne en Actions)

The Plan d’Epargne en Actions (“PEA”) is a French tax savings plan that allows French residents to benefit from certain tax exemptions for investing in European equities. A PEA eligible fund must permanently invest at least 75% of its net assets in PEA eligible equity-related securities (excluding convertible bonds) of companies established in a European Union Member State or in Liechtenstein, Iceland and Norway and subject to corporate income, or an equivalent, tax.

Identified staff mentioned above are composed by the following categories of employees: a) senior management (during the Reference Period, three), b) members of staff of the Management Company whose actions may have a material impact on the risk profile of the Management Company or falling within the remuneration bracket of senior management and risk takes (during the Reference Period, four) and c) control functions (during the Reference Period, two).

Please note that above figures are provided for all services provided by the Company and they do not represent a breakdown at the level of the Fund.

Detailed information relating to—amongst others—the financial and non-financial criteria of the remuneration policies and practices, on decision-making process used to determine the remuneration policy, and on how pay and performance are linked are available in the Remuneration Statement published on AB Global website at the following address: www.alliancebernstein.com/go/remuneration_policy

Over the Reference Period, a review of the Remuneration Policy and of its implementation has been carried out and it did not evidence any irregularity. Finally, no material change on the Remuneration Policy as it was initially designed occurred over the Reference Period.

Through the year ended May 31, 2022, the following Portfolio invested primarily in PEA eligible equity - related securities, with the daily average percentage of investment in such securities as follows:

Portfolio	Daily Average (%)
Eurozone Equity Portfolio	96.59%

Securities Financing Transaction Regulation

The Securities Financing Transaction Regulation (“the SFTR”) introduces reporting requirements for securities financing transactions (“SFTs”) and total return swaps.

A SFT is defined as per Article 3(11) of the SFTR as:

- a repurchase/reverse repurchase agreement;
- securities or commodities lending and securities or commodities borrowing;
- a buy-sell back transaction or sell-buy back transaction; or
- a margin lending transaction.

During the year ended May 31, 2022, the Fund had entered into securities lending, total return swaps (TRS) and reverse repurchase agreements as type of instrument in scope of the SFTR.

Sustainability-Related Disclosures

1) Article 9 SFDR

While seeking to achieve their respective investment objectives, the following Portfolio have a sustainable investment objective within the meaning of article 9 of Regulation 2019/2088:

- Climate High Income Portfolio
- Sustainable All Market Portfolio
- Sustainable Climate Solutions Portfolio
- Sustainable Emerging Market Debt Portfolio
- Sustainable European Thematic Portfolio
- Sustainable Global Thematic Portfolio
- Sustainable Global Thematic Credit Portfolio
- Sustainable Income Portfolio
- Sustainable US Thematic Portfolio

During the reference period, each of the Portfolios achieved this objective through investments that contribute to environmental and/or social objectives provided that such corresponding investments do not significantly harm any of the applicable environmental and/or social objectives and that the investee issuers follow good governance practices (“Sustainable Investments”).

As part of the investment process, AB used the following indicators to determine the overall sustainability impact of the Portfolios:

- sustainability factors including both opportunities and risks as outlined in the AB Stewardship Approach. More information on the AB Stewardship Approach can be found in the responsible investment sections under: ABGlobalStewardship.pdf (alliancebernstein.com).;
- issuers contribution to the achievement of one or more of the UNSDGs or, in the case of Climate High Income Portfolio, otherwise the alignment the long-term global warming objectives of the Paris Agreement; and
- engagement with issuers to encourage them to undertake actions that may promote better outcomes for environmental, social, and governance objectives.

In addition, some of the Sustainable Investments of the Portfolios qualify as environmentally sustainable investments as defined by the Regulation 2020/852 (“Taxonomy Regulation”) and/or are enabling or transitional activities as defined by the Taxonomy Regulation (all together referring to as the “Taxonomy Aligned Investment(s)”).

During the reference period, Taxonomy Aligned Investments of the Portfolios contributed to the following environmental objectives:

- climate change mitigation; and
- climate change adaptation.

While most of the Portfolios were designed and launched prior to the Taxonomy Regulation, AB’s investment process, especially through, the Sustainable Thematic and Climate High Income Approach and the AB Stewardship Approach, nevertheless includes aspects of, or materially similar to, the Taxonomy Regulation. Indeed, as described in the prospectus, as part of the investment process, AB has identified themes and sub-themes from the UNSDGs and/or the Paris Agreement and some of these themes have similarities to climate change adaptation and mitigation described in the Taxonomy Regulation.

During the reference period, the Portfolios invested the following percentage of their total invested assets in Taxonomy Aligned Investments and Enabling and/or Transitional Activities.

The below percentage are based on publicly available data which are very limited at the time and therefore does not provide a real picture of each of the Portfolio Taxonomy Aligned Investments and Enabling or Transitional Activities. As more data becomes available, it is expected that the below percentages will increase.

As only estimates are available for green bonds, the calculation methodology of the below percentage is excluding green bonds. Sovereigns have been excluded.

Portfolio name	Taxonomy Aligned Investments	Enabling or Transitional Activities
Climate High Income Portfolio	6%	0%
Sustainable All Market Portfolio	9%	0%
Sustainable Climate Solutions Portfolio	27%	0%

 - US Small and Mid-Cap Portfolio

Each of the above Portfolios promote environmental and/or social characteristics within the meaning of Article 8 of Regulation (EU) 2019/2088 on sustainability disclosures in the financial services sector (“SFDR”).

During the reference period, AB used the AB Stewardship Approach to achieve the promotion of environmental and/or social characteristics. More information on the AB Stewardship Approach can be found in the responsible investment sections under: [ABGlobalStewardship.pdf](#) ([alliancebernstein.com](#)).

During the reference period, the promotion of environmental and/or social was accomplished through:

- (i) integration of ESG Factors (i.e. ESG issues that may present risks or opportunities as well as sustainability risks) into all aspects of the investment making process whereby the impacts of a target investment with respect to ESG Factors are assessed through all steps of the investment process; and
- (ii) extensive engagement, inter alia, issuers and governments to encourage action and progress towards environmental, social and governance goals.

The above-mentioned process may not cover all holdings of the above Portfolios. In addition, certain types of assets (such as cash and certain equivalent securities) may be treated as neutral and would therefore not be considered in the approach described above. As the above Portfolios do not take into account the EU criteria for environmentally sustainable economic activities, the percentage of Taxonomy Aligned Investment is 0%.

3) Article 6

The investments underlying Arya European Alpha Portfolio, Event Driven Portfolio and Multi-Strategy Alternative Portfolio do not take into account the EU criteria for environmentally sustainable economic activities.
