#### NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

#### a) Presentation of financial statements

The financial statements are prepared in accordance with generally accepted accounting principles and presented in accordance with the legal reporting requirements applicable in Luxembourg relating to undertakings for collective investment.

### b) Foreign exchange translation for each sub-fund

Cash at banks, other net assets as well as the market value of the investment portfolio in currencies other than the currency of the sub-fund are translated into the currency of the sub-fund at the exchange rate prevailing at the period-end.

Income and expenses in currencies other than the currency of the sub-fund are translated into the currency of the sub-fund at the exchange rate prevailing at the transaction date.

Resulting realised gain/loss and change in unrealised foreign exchange gains and losses are included in the statement of operations and changes in net assets.

#### c) Combined financial statements of the SICAV

The combined financial statements of the SICAV are expressed in Euro (EUR) and correspond to the sum of the corresponding items in the financial statements of the different sub-funds, converted into EUR at the exchange rate prevailing at the end of the period.

### Notes to the financial statements as at June 30, 2017 (continued)

#### d) Valuation of assets

- 1) Securities and other assets listed or dealt in on a stock exchange or another regulated market are valued at the last available price; where such securities or other assets are listed or dealt in one or by more than one stock exchange or any other regulated market, the Board of Directors of the SICAV shall make regulations for the order of priority in which stock exchanges or other regulated markets are used for the provisions of prices of securities or assets.
- 2) Assets not listed or dealt in on a stock exchange or another regulated market, or assets so listed or dealt in for which the last available price is not representative of a fair market value, are valued, prudently and in good faith by the Board of Directors of the SICAV, on the basis of their estimated sale prices.
- 3) Cash in hand or on deposit, bills and demand notes and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid and not yet received will be valued at their face value with interest accrued.
- 4) The units/shares of open-ended undertakings for collective investment are valued on the basis of the last known Net Asset Value ("NAV") or, if the price so determined is not representative of their fair market value, are valued as the Board of Directors of the SICAV may deem fair and reasonable. Units/shares of closed-ended undertakings for collective investment are valued on the basis of their last available market value.
- 5) For each sub-fund, securities whose value is expressed in a currency other than the reference currency of that sub-fund are converted into that reference currency at the average rate between the last available buy/sell rate in Luxembourg or, failing that, in a financial centre which is most representative for those securities.
- 6) Any other security, instrument or asset will be valued, prudently and in good faith, on the basis of their estimated sale prices by the Board of Directors of the SICAV.

#### e) Net realised gain/loss on sales of investments

The net realised gain/loss on sales of investments is calculated on the basis of the weighted average cost of the investments sold.

#### f) Cost of investment securities

Cost of investment securities in currencies other than the currency of the sub-fund is translated into the currency of the sub-fund at the exchange rate applicable at purchase date.

#### g) Valuation of forward exchange contracts

The unrealised gains or losses resulting from outstanding forward exchange contracts are determined on the basis of the forward rates applicable at the period-end and are recorded in the statement of net assets and in the statement of operations.

### Notes to the financial statements as at June 30, 2017 (continued)

#### h) Valuation of futures contracts

The liquidating value of futures contracts dealt in on a stock exchange or another regulated market is based on the last available settlement prices for the relevant NAV date published by such stock exchange or other regulated market where these particular futures contracts are traded. If a futures contract could not be liquidated on the valuation day of the relevant assets, the basis for determining the liquidating value of such contract is such value as the Board of Directors of the SICAV may deem fair and reasonable.

#### i) Valuation of contracts for difference ("CFD")

CFD are valued on the basis of the difference between the price of their underlying on the valuation date and on the acquisition date.

#### j) Accounting of futures contracts and CFD

Unrealised gains and losses on futures contracts and CFD are settled daily through the reception/payment of a cash amount corresponding to the daily increase/decrease of the market value of each opened future contract or CFD. Such cash amount is recorded under the caption "Cash at banks" in the statement of net assets and the corresponding amount is recorded under the caption "Net realised gain and/or loss on forward contracts" in the statement of operations and changes in net assets.

### k) Income

Dividends are recorded at ex-date. Interest is recorded on an accrual basis.

#### I) Formation expenses

Formation expenses are amortised over a maximum period of five years.

#### m) Transaction fees

The transaction fees represent the costs incurred by each sub-fund in connection with purchases and sales of investments.

Transaction fees include brokerage fees as well as bank commissions, foreign tax, depositary fees and other transaction fees, and are included in the statement of operations and changes in net assets.

#### NOTE 3 "TAXE D'ABONNEMENT"

The SICAV's net assets are subject to a subscription tax ("Taxe d'abonnement") of 0.05% per annum payable at the end of each calendar quarter and calculated on the basis of the SICAV's total net assets at the end of the relevant quarter; such tax is reduced to 0.01% per annum in respect of share classes comprising institutional investors only (as per article 174 of the Law). This tax is not applicable for the portion of the assets of a sub-fund invested in other Luxembourg undertakings for collective investment already subject to "taxe d'abonnement".

Notes to the financial statements as at June 30, 2017 (continued)

#### NOTE 4 MANAGEMENT FEE

The Management Company is entitled to receive a management fee payable out of the net assets of the respective share class of the sub-fund on a quarterly basis at a maximum annual rate of:

Sub-fund	Class	Up to
ALKEN FUND - EUROPEAN OPPORTUNITIES	Class H Class R Class CH1 Class CH2 Class EU1 Class EU1d Class US1 Class US2 Class US2 Class US2h Class GB1 Class U Class C	0.90% 1.50% 1.00% 1.50% 1.00% 1.00% 1.00% 1.50% 1.50% 1.50% 1.50% 2.25%

The Management Company is responsible for the payment of the fees and expenses of the Investment Manager and, where relevant, the distributors.

### NOTE 5 PERFORMANCE FEE

The Management Company is also entitled to receive a performance fee that may be levied only in case there is a difference in favour of the Investor between the relative evolution of the relevant sub-fund and a reference index (i.e. an outperformance).

The performance fee is calculated and accrued at each Applicable NAV on the basis of NAV after deducting all expenses, the management fee (but not the performance fee) and adjusted for subscriptions and redemptions during the relevant performance year. Such performance fee is payable quarterly in arrears.

Notes to the financial statements as at June 30, 2017 (continued)

Details about the performance fee calculation method can be found in the latest appendices of the latest prospectus.

The performance fee for the period from January 1, 2017 to June 30, 2017 amounts to:

- EUR 2,695,938.38 for the sub-fund ALKEN FUND EUROPEAN OPPORTUNITIES,
- EUR 1,386,717.81 for the sub-fund ALKEN FUND SMALL CAP EUROPE,
- EUR 9,258,933.24 for the sub-fund ALKEN FUND ABSOLUTE RETURN EUROPE.

#### NOTE 6 OPERATING AND ADMINISTRATIVE EXPENSES

The Operating and Administrative expenses are calculated as a percentage of the average daily net assets of each share class. They are accrued daily and payable quarterly at a maximum rate of 0.35% for all sub-funds or share class unless specified differently in the latest prospectus.

The Operating and Administrative expenses cover:

- a) Expenses directly contracted by the SICAV, including but not limited to the depositary fees and expenses, auditing fees and expenses, the Luxembourg Taxe d'Abonnement, "Directors" fees and reasonable out-of-pocket expenses incurred by the Board of Directors of the SICAV.
- b) A "fund servicing fee" paid to the Management Company which will be the remaining amount of the Operating and Administrative Expenses after deduction of the expenses detailed under section a) above.

The Management Company then bears all fees and expenses incurred in the day to day operation and administration of the SICAV, including but not limited to formation expenses such as organisation and registration costs, accounting expenses covering fund accounting and administration services; transfer agency expenses covering registrar and transfer agency services; the Administrative Agent and Domiciliary Agent services; the fees and reasonable out-of-pocket expenses of the paying agents and representatives; legal fees and expenses; ongoing registration, listing and quotation fees, including translation expenses; the cost of publication of the share prices and postage, telephone, facsimile transmission and other electronic means of communication; and the costs and expenses of preparing, printing, and distributing the SICAV's Prospectus, Key Investor Information Documents or any offering document, financial reports and other documents made available to Shareholders. The expenses incurred by the Management Company in relation to the launch of additional sub-funds may, at the discretion of the Board of Directors of the SICAV, be capitalized and amortized over a period not exceeding five years, as permitted by Luxembourg law.

The Management Company instructs the SICAV to pay for the expenses directly contracted by it (as listed above) as well as for the SICAV Administrator Fees and Expenses directly out of the assets of the SICAV. In such case the fee due to the Management Company is reduced accordingly.

Operating and Administrative expenses do not include management fees, performance fees, taxes, transactions fees and extraordinary expenses.

### NOTE 7 OTHER FEES PAYABLE

As at June 30, 2017, the other fees payable include mainly Operating expenses.

Notes to the financial statements as at June 30, 2017 (continued)

#### NOTE 8 SUBSCRIPTION AND REDEMPTION COMMISSION (DILUTION LEVY)

The issue price for shares in each class is equal to the NAV of each share in that class, dated on the Business Day of the applicable day of subscription.

The redemption price for shares in each class is equal to the NAV of each share in that class dated the Business Day on which application for redemption has been accepted.

Under certain circumstances (for example, large volumes of deals) investment and/or disinvestment costs may have an adverse effect on the Shareholders' interest in the SICAV. In order to prevent this effect, called "dilution", the Board of Directors of the SICAV has the power to charge a "dilution levy" on the issue, redemption and/or conversion of shares. If charged, the dilution levy is paid into the relevant sub-fund and becomes part of the relevant sub-fund. The dilution levy for each sub-fund is calculated by reference to the costs of dealing in the underlying investments of that sub-fund, including any dealing spreads, commission and transfer taxes.

The need to charge a dilution levy depends on the volume of issues, redemptions or conversions. The Board of Directors of the SICAV may charge a discretionary dilution levy on the issue, redemption and/or conversion of shares, if in its opinion, the existing Shareholders (for issues) or remaining Shareholders (for redemptions) might otherwise be adversely affected. In any case the dilution levy shall not exceed 2.00% of the NAV per share.

In addition the issue or redemption price may be increased/reduced by sales commissions, which are paid to intermediaries and do not exceed:

- Maximum 3.00% of the NAV of each share for subscription,
- Maximum 3.00% of the NAV of each share for redemption.

The issue price/redemption price shall be increased/reduced to cover any duties, taxes and stamp duties which might have to be paid.

In addition, for the Class CH1, Class US1, Class US1h, Class EU1 and Class EU1d: up to 2.00% of the NAV per share subscribed may be charged at the discretion of the Board of Directors of the SICAV for the benefit of the Management Company.

## Total Expense Ratio ("TER")

Pursuant to the "Guidelines on the calculation and disclosure of the total expense ratio (TER) of collective investment schemes" of May 16, 2008 (version of April 20, 2015) of the Swiss Funds & Asset Management Association ("SFAMA"), the SICAV is obliged to publish a TER for the latest 12-month financial period.

The TER is defined as the ratio between the total operating expenses (Operating charges primarily consist of management and investment advisory fees, custodian fees, bank charges and interest, service fees, performance fees, taxes and duties) and the relevant sub-fund's / share class' average NAV (calculated on the basis of the daily average of the total net assets for the relevant period) expressed in its reference currency.

The annualised TER including and excluding performance fees as presented in this report is calculated by the Fund Administrator on a 12-month basis with the average total net assets during the year. The figures are not accurate and tend to overstate the real costs of investing in the Fund by 1-2 basis points. Therefore, the theoretical TER data is provided which is derived from the management fee plus the fixed operating expenses of 0.35%.

For the period from July 1, 2017 to June 30, 2017, the TER were the following:

Class	Annualised TER including performance fees	Annualised TER excluding performance fees
