General

Expert Investor SICAV-SIF (the "Company") has been established on 13.03.2007 as an open-ended investment fund in the legal form of an investment company with variable capital – specialised investment fund (société d'investissement à capital variable – fonds d'investissement spécialisé, SICAV-SIF) qualifying as public limited company (société anonyme) in accordance with the Luxembourg law of 10 August 1915 on commercial companies, as amended and part II of the Luxembourg law dated 13 February 2007 relating to specialised investment funds, as amended (the "Law of 13 February 2007"). The Company has an umbrella structure and therefore consists of at least one subfund (each referred to as a "subfund" or collectivelly the "subfunds").

The Company qualifies as an externally managed alternative investment fund according to articles 1 (39) and 4 of the Luxembourg law of 12 July 2013 concerning alternative investment fund managers (the "Law of 12 July 2013") and has appointed MultiConcept Fund Management S.A. as its alternative investment fund manager (the "AIFM").

As of 30.04.2020 the Company had 9 subfunds.

Change:

Expert Investor SICAV-SIF Gene has been liquidated on 11.11.2019.

Summary of significant accounting policies

a) Presentation of financial statements

The financial statements are prepared in accordance with Luxembourg regulations relating to undertakings for collective investment.

b) Computation of the net asset value of each subfund

The net asset value per share is calculated in the reference currency of the subfund and is determined by the Company in Luxembourg for:

- Expert Investor SICAV-SIF APEF 6: on an annually basis as of October 31 each year (a "calculation date") and the net asset value per share of the subfund will be made available to the investors in principle within 115 calendar days as from the relevant calculation date. The shares may not be subscribed/redeemed based on such yearly calculated net asset value.
- Expert Investor SICAV-SIF Athena Global Asset Allocation Fund: on the business day immediately following the relevant subscription/redemption date by using the closing prices of the relevant subscription/redemption date.
- Expert Investor SICAV-SIF Caveo Africa Fund: on a monthly basis for the last business day of each month within 10 business days after the relevant valuation date by using the latest available closing prices.
- Expert Investor SICAV-SIF European Opportunities Fund: weekly on the first business day of each week by using the latest available closing prices. In addition, the net asset value per share is calculated on the first business day of each month by using the latest available closing prices. This calculation is for the indicative purposes only. The shares may not be subscribed/redeemed based on such monthly calculated net asset value.
- Expert Investor SICAV-SIF Evolve Capital Holdings: every Friday of each week, in case being a business day, or on the next following business day, in case the relevant Friday is not a business day by using the closing prices of the previous business day.
- Expert Investor SICAV-SIF Gene (until 11.11.2019): second and fourth Tuesday of each month, each of these days being a business day, or on the next following business day, in case the relevant Tuesday is not a business day by using the closing prices of the previous business day.
- Expert Investor SICAV-SIF Meteor: each business day by using the closing prices of the preceeding business day.
- Expert Investor SICAV-SIF OWG Fund: the business day following the valuation date.

- Expert Investor SICAV-SIF Twelve Insurance Bond Fund: each business day by using the closing prices of the previous business day.

For Expert Investor SICAV-SIF Twelve Insurance Bond Fund, the net asset value of subscribing/redeeming investors calculated in accordance with the above paragraph will be increased by 0,50% per Share in the event of a net surplus of subscription applications or reduced by 0,50% per Share in the event of a net surplus of redemption applications in respect of the applications received on the relevant subscription/ redemption date for all Share Classes to the benefit of the subfund in order to protect remaining investors in the subfund. This fee is supposed to cover transaction costs and the bid-ask spreads relating to the assets held by the subfund and will revert to the subfund

This adjustment will only be applied if the net surplus of subscription or redemptions exceeds 20% of the total net assets of the subfund.

- Expert Investor SICAV-SIF Twelve Insurance Private Debt Fund: monthly basis on the last business day of each month (the "valuation day") and calculated within 10 business days after the valuation day.

c) Valuation of investment securities of each subfund

Securities and units or shares of UCITS or UCIs which are listed or regularly traded on a stock exchange shall be valued at the closing mid-price (the mean of the closing bid and ask prices). If such a price is not available for a particular trading day, the last available traded price or, alternatively, the closing bid price, may be taken as a basis for the valuation. If a security and units or shares of UCITS or UCIs are traded on several stock exchanges, the valuation shall be made by reference to the exchange which is the main market for this security, units or shares of UCITS or UCIs.

In the case of securities and units or shares of UCITS or UCIs for which trading on a stock exchange is not significant but which are traded on a secondary market with regulated trading among securities dealers (with the effect that the price reflects market conditions), the valuation may be based on this secondary market.

Securities traded on a regulated market shall be valued in the same way as those listed on a stock exchange.

Securities that are not listed on a stock exchange and are not traded on a regulated market shall be valued at their last available market price. If no such price is available, the Company shall value these securities in accordance with other criteria to be established by the Board of Directors and on the basis of the probable sales price, the value of which shall be estimated with due care and in good faith.

Units or shares of UCITs or UCIs which are not listed on a stock exchange and are not traded on a regulated market shall be valued on the basis of their most recently calculated net asset value, where necessary by taking due account of the redemption fee

Where no Net Asset Value and only buy and sell prices are available for units or shares of UCITs or other UCIs, the units or shares of such UCITs or UCIs may be valued at the mean of such buy and sell prices.

If a valuation in accordance with the above rules is rendered impossible or incorrect due to particular or changed circumstances, the Company's Board of Directors shall be entitled to use other generally recognized and auditable valuation principles in order to reach a proper valuation of the subfund's accept.

As at 30.04.2020, the subfund Expert Investor SICAV-SIF Twelve Insurance Private Debt Fund hold promissory notes. The promissory notes are initially recognised at cost and subsequently valued individually at the lower of their acquisition cost or their value estimated by the Company's Board of Directors. The Board of Directors relies on the due diligence performed by the Portfolio Manager and/or other information and documents available for its valuation. A value adjustment is accounted for at the end of each computation of the net asset value of the subfund in case of any durable decrease in value.

d) Cash at banks and at brokers

Cash at banks and at brokers includes cash in hand, margin calls and deposits held at call with banks and other short-term investments in an active market with original maturities of three months or less and bank overdrafts.

Notes Page 9

e) Net realised gain/loss on sales of investments of each subfund

The realised gains or losses on the sales of securities are calculated on the basis of the average acquisition cost.

f) Foreign exchange conversion

The financial statements are kept in the reference currency of each subfund and the combined financial statements are kept in EUR.

Cash at banks and at brokers, other net assets or liabilities and the value of portfolio securities in currencies other than the reference currency of each subfund are converted into the reference currency at the foreign exchange rate prevailing on the date of valuation.

Income and expenses in currencies other than the reference currency of each subfund are converted into the reference currency at the foreign exchange rate applicable at the date they accrue to the subfund.

Realised gains or losses on foreign currencies are accounted for in the statement of operations / changes in net assets.

The acquisition cost of securities in currencies other than the reference currency of each subfund is converted into the reference currency at the foreign exchange rate valid at the date of acquisition.

g) Transactions on investments in securities of each subfund

The transactions on investments in securities are booked on a trade date basis.

h) Formation expenses of each subfund

Formation expenses are amortised on a straight-line basis over a period of five years.

i) Valuation of forward foreign exchange contracts of each subfund

Unmatured forward foreign exchange contracts are valued at valuation date at forward exchange rates prevailing at this date and are shown under unrealised gain/loss on forward foreign exchange contracts in the statement of net assets. The resulting changes in unrealised gains or losses are shown as change in net unrealised appreciation (depreciation) on forward foreign exchange contracts in the statement of operations/changes in net assets. Realised gains or losses are also posted to the statement of operations/changes in net assets under "Net realised gain (loss) on forward foreign exchange contracts".

j) Valuation of financial futures contracts of each subfund

Unmatured financial futures contracts are valued at valuation date at market rates prevailing at this date and are shown under unrealised gain/loss on financial futures contracts in the statement of net assets. The resulting changes in unrealised gains or losses are shown as change in net unrealised appreciation (depreciation) on financial futures contracts in the statement of operations/changes in net assets. Realised gains or losses are also posted to the statement of operations/changes in net assets under "Net realised gain (loss) on financial futures contracts".

k) Valuation of swaps

On each valuation day, swap contracts are valued at the net present value of the future cash flows, using the relevant interest rate yield curve on valuation day and resulting changes in unrealised gains or losses are posted as change in net unrealised appreciation (depreciation) on swap contracts to the statement of operations / changes in net assets and are shown under net unrealised gain/loss on swap contracts in the statement of net assets.

Realised gains and losses are also posted to the statement of operations a changes in net assets under "Net realised gain (loss) on swap contracts".

Asset swaps and the securities linked to the asset swaps are not revaluated as the security and the asset swap are considered for the purpose of the valuation as a single instrument.

I) Allocation of accrued expenses

Accrued expenses which can be allocated directly to a subfund are charged to this subfund. Accrued expenses which cannot be allocated directly are divided among the subfunds in proportion to the net assets of each subfund.

m) Income recognition

Dividends are recorded on ex-dividend date, net of withholding tax. Interests are accrued on a daily basis.

Credit Facility

The Company's subfunds entered into a Credit Facility with Credit Suisse Luxembourg S.A. ("the Bank") for the purpose of short term procurement of liquidity in case of redemption and in the event of delayed processing transactions. In relation to this credit facility, the Company's subfunds granted the Bank a limited pledge on the assets of the Company as collateral which may not exceed 10% of the Company's net assets.

Management fee, Portfolio Management fee and Performance fee (see detail at subfund level)

The subfunds pay Portfolio Management Fees and AIFM Fees, together called Management Fees to the AIFM:

- The Portfolio Management Fee is retroceded by the AIFM to the respective Portfolio Manager based on the average net asset value of the subfund at the end of each month.
- The AIFM Fee is paid based on the average net asset value of the subfund at the end of each month and is subject to a minimum fee in favour of the AIFM (for each subfund except for Expert Investor SICAV-SIF APEF 6, Expert Investor SICAV-SIF Evolve Capital Holdings, Expert Investor SICAV-SIF Gene (until 11.11.2019) and Expert Investor SICAV-SIF OWG Fund).

Besides the expenses incurred by the Company in managing the subfund, a management fee is indirectly deducted from the assets of the subfund in respect of the target funds contained therein.

In addition, Expert Investor SICAV-SIF Caveo Africa Fund, Expert Investor SICAV-SIF Gene (until 11.11.2019), Expert Investor SICAV-SIF Meteor, Expert Investor SICAV-SIF Twelve Insurance Bond Fund and Expert Investor SICAV-SIF Twelve Insurance Private Debt Fund are entitled to a performance fee

Details about the calculation method can be found in the relevant Sales Prospectus.

"Taxe d'abonnement"

Under the prevailing laws and regulations, the Company is subject in Luxembourg to a "Taxe d'abonnement" at the annual rate of 0.01%, payable quarterly and calculated on the basis of the net assets of each subfund at the end of each quarter.

This tax does not apply for those assets of the subfund which are invested in other undertakings for collective investment under Luxembourg law.

Depositary fee

The Depositary Bank receives from the Company such fees and commissions as are in accordance with usual practice in Luxembourg. They will be composed of a fee calculated as a percentage of the relevant subfund's net assets and of transaction-based commissions.

Changes in the composition of the securities portfolio

Changes in the composition of the securities portfolio during the reporting year or period are available to Shareholders free of charge at the registered office of the Company.

Total Expense Ratio (TER)

(see detail at subfund level)

The TER expresses the sum of all costs and commissions charged on an ongoing basis to the respective subfund, taken retrospectively as a percentage of these assets.

If a subfund invests at least 10% of its net assets as a fund of fund in target funds, a composite TER of the fund of funds is to be calculated as follows:

The prorated TER of the individual target funds including a performance related remuneration, weighted according to the share they represent in the overall assets of the fund of funds as of the closing date and the TER of the fund of funds minus the retroceded commissions received from the target funds during the reporting year or period.

Notes Page 10

No TER is disclosed for share classes launched less than 6 months before closing date.

The TER is calculated following the Swiss Funds & Asset Management Association (SFAMA) guidelines.

Exchange Rates

The combined financial statements are kept in EUR. For this purpose, the financial statements of the subfunds are converted into EUR at the foreign exchange rate as of 30.04.2020:

- 1 USD = 0.912992 EUR

Fund performance

(see detail at subfund level)

The performance of the year Y is based on the net asset values as calculated on the last business day of the year Y respectively Y-1. Those net asset values reflect the market prices of the investments as of the last business day of the year Y-1 respectively Y.

Historical performance is no indicator of current or future performance.

The performance data given does not take into account commissions and costs incurred in the purchase or redemption of the Company's shares.

For shares launched more than 3 years ago no performance since inception is disclosed.

The YTD (year-To-Date) Performance includes the period from 01.01.2020 until 30.04.2020.

Private Equities

In view of the delay which may exist in order to obtain the information provided to individual subfunds on the part of individual private equity vehicles/companies, the net asset value per share of this subfund corresponds to the current latest available value. Consequently, there may be a degree of delay in terms of incorporating information that affects the valuation of a private equity investment within the annual valuation of the subfund's assets. The same applies to the information contained in the annual and semi-annual report

AIFM

MultiConcept Fund Management S.A. has been designated by the Board of Directors as the external AIFM of the Company (the "AIFM"). MultiConcept Fund Management S.A. is a Luxembourg public company incorporated under Luxembourg law on 26 January 2004 and licensed as AIFM under Chapter 2 of the AIFM Law.

The AIFM has been entrusted with the duties pertaining to the investment management functions of the Company, namely (a) the portfolio management function and (b) the risk management function.

The AIFM has also been entrusted with the duties pertaining to the administration functions.

With the consent of the Board of Directors, the AIFM has delegated part of its portfolio management functions regarding the Subfund to the Investment Manager.

The AlFM will monitor on a continued basis the activities of the third parties to which it has delegated functions, under the supervision of the Board of Directors. The agreements entered into between the AlFM and the relevant third parties provide that the AlFM can give at any time further instructions to such third parties, and that it can withdraw their mandate under certain circumstances. The AlFM's liability towards the Company is not affected by the fact that it has delegated certain functions to third parties.

The AIFM is subject to the provisions of chapter 15 of the Law of December 17, 2010, as amended and is authorized as alternative investment manager in accordance with Chapter 2 of the Law of 12 July 2013. In addition to the Company, the AIFM also manages other undertakings for collective investment including alternative investment funds.

Material Changes to the offering information

In accordance with the Law of 12.07.2013 on alternative investment fund managers, we hereby declare that no material changes occurred during the period to report.
